HIMSS Middle East
ELSEVIER
DIGITAL HEALTHCARE
AWARD 2016

The HIMSS-Elsevier Digital Healthcare Award is a global platform to recognize outstanding achievements and innovations in the usage of health information and technology, to advance patient care and safety.

Established in 2013, it is held annually across Asia Pacific, the Middle East and Europe.

This Award will return to the Middle East for the second time at UAE eHealth Week 2016.

Last year, Cleveland Clinic Abu Dhabi and SAAD Specialist Hospital won for Outstanding ICT Achievements.

It could be your organization this year.

Participate and showcase your ICT projects to regional and global peers.

Visit our event website for more information.

Visit www.uaeehealthweek.org for more information.
