

## 2016 NISBRE Abstract Submission Guidelines

Please upload a word document of your abstract including your title, all authors, affiliations and your summary in 250 words or less. These guidelines should be followed for your abstract to be considered.

Submission Deadline: April 29, 2016

This call for abstracts is intended for the National IDeA Symposium of Biomedical Research Excellence (NISBRE). Abstracts will be accepted via electronic submission.

Each abstract should be divided into four subheadings:

1. Background and Objective
2. Methods
3. Results
4. Discussion and Conclusions

Abstracts will be categorized into areas of scientific focus for presentation and review. If your work does not correspond with one of the designated focus areas, please select the "Other" category.

### Scientific Focus Areas:

Bioengineering/Biotechnology/Nanotechnology  
Cancer  
Cardiovascular Disease  
Core Facility  
Genetics, Omics  
Infectious Disease and Immunology  
Neuroscience  
Integrative Medicine  
Other

Size: **Abstract size is limited to 250 words including title, author(s), affiliation(s), and text.**

Format: Use an Arial 11 pt. font; set 1" margins on all sides, single space only; do not use text boxes, special characters or symbols as they will not be displayed properly on the abstract form. Tables, figures and diagrams should not be used.

Authors: The presenting author will be the primary contact for this abstract, will receive email notifications regarding iPoster creation, and be responsible for giving the oral and/or poster presentation. The abstract's Presenting Author will receive email notification of the acceptance of the abstract for either an oral presentation or a poster presentation no later than **May 2**. The presenting author is responsible to contact other authors regarding the status of the abstract.

Affiliations: Include department and institutional affiliations of each author on the project.

Grant support: Acknowledgement of grant support should be given at the end of the abstract **and will not count against the 250 word limit.**
