

FBI National Academy Associates Washington Chapter

Austin Bombing Investigation

ATF Agent Brian Garner

- In the spring of 2018, the ATF, FBI, and the Austin Police investigated and solved a series of six bombings that terrorized Austin, TX. The suspect's bombs killed two and injured six as they were left outside people's homes, at businesses, and on a sidewalk.

Followed By

Understanding Trauma for First Responders

Amy Crawford, PhD, LMFT

Deer Hollow Recovery

- Amy has been in the field of mental health and addiction medicine for the last 16 years. Throughout this journey, trauma has become her passion and specialty. She has spent the majority of her career treating the invisible wounds of trauma in varied settings with a focus on Military Service Members and First Responders. Amy has had the honor of witnessing over 4,000 trauma accounts.
