The EFC planning team is dedicated to bringing you the most polished and topic-relevant training possible. To accomplish this, we work closely with the selected speakers all the way up to the week of the event. For this reason, the agenda may evolve as we massage and rework it to meet attendees' needs. We understand the challenge of making your business case to attend training conferences to decision makers. This agenda preview is one tool to help you in that effort.

We also invite you to read the *Making Your Case to Attend* page on the conference website ([www.energy.wsu.edu/efc](http://www.energy.wsu.edu/efc)).

If you have questions or feedback on any of the topics listed, please contact us at 360-956-2133 or email [plantops@energy.wsu.edu](mailto:plantops@energy.wsu.edu).
