Hear From Our Partners & Delegates:

"We are pleased to have so many strong partners join us in this event. The Medical Services Department at the Ministry of Defense is undertaking the journey of healthcare transformation. The international best practices showcased in the conference will enable all healthcare sectors in the Kingdom to achieve improved quality, outcomes and reduce cost."

Major General Dr. Sulaiman bin Mohammed Al Malik,
Director of the General Directorate of Armed Forces
Medical Service Division, Saudi Arabia

"The Kingdom will benefit from health information systems that help avoid waste and unnecessary healthcare services. Telemedicine will also help serve the pressing needs of patients around the Kingdom."

Dr. Yacoub bin Yousef al Mazrou,
Secretary-General of the Saudi Health
Council

"This is the perfect moment for a focus on change management. I am sure that the insights from this session will help equip Saudi Healthcare Organizations with the tools needed to start their successful change management programs."

Engineer Ahmed Barradah,
Chief Information Officer,
King Fahad Medical City

HIMSS Middle East

HIMSS is a global voice, advisor and thought leader of health transformation through health IT with a unique breadth and depth of expertise and capabilities to improve the quality, safety, and efficiency of health, healthcare and care outcomes. HIMSS designs and leverages key data assets, predictive models and tools to advise global leaders, stakeholders and influencers of best practices in health IT, so they have the right information at the point of decision.

Through its health IT network of over 1 million experts, over 200 knowledge exchanges and collaborations, including 64,000-plus members, HIMSS drives innovative, forward thinking around best uses of technology in support of better connected care, improved population health and low cost of care.

HIMSS is a not-for-profit, headquartered in Chicago, Illinois with additional offices in North America, Europe, United Kingdom and Asia.
