## EUROPEAN TELEMEDICINE CONFERENCE

7-8 OCTOBER 2014 | ROME, ITALY

## E-HEALTH IN CHILD AND ADOLESCENTS PSYCHIATRY IN NORTHERN NORWAY

E-BUP

Follow us  @himsseurope #HIMSSETC

# Main target for service:

- To secure equal access to Child and Adolescents Psychiatry services – at home
- Faster access to specialists rating and treatment
- Streamlined course of treatment
- Reduce travel burden for patients and their families

# What we do:

- Establishing videoconferencing for consultations between patient and specialist
  - directly
  - as third part conference
  - consultation/supervision for local therapist

**EUROPEAN  
TELEMEDICINE  
CONFERENCE**

**7-8 OCTOBER, 2014 | ROME,**

Follow us  **@himsseurope #HIMSSETC**

# VC as a tool:

- VC-facilities at the clinic designed for children
- Jabber-devices at local health-care/GP`s
- Jabber-devices at specialists in Tromsø
- Norsk HelseNett

# Results so far:

- Much faster clinical rating and diagnose for patients
- Time in treatment are shortened
- Significant reduced travel burden for patients and their families
- More interaction between the clinics and clinic-local GP`s/local HealthCare

# Thanks for listening
