FOLLOWING THE MONUMENTS OF THE CZECH LANDS

Let's create a fairytale outside Prague: fresh air and tranquillity of the Czech lands with rich architectural styles. We will follow the founders of the Czech lands and experience first-hand the deep connection to Czech history. This location, a UNESCO heritage site, is definitely worth visiting.

Thanks to the prosperous silver mines, Kutná Hora became, after Prague, the second most important town of the kingdom Bohemia in the Middle Ages. The wealth and prosperity led to a rich architectural development of the town and gave rise to many beautiful monuments – St. Barbara's cathedral, the Italian Court with its Royal Mint, The Stone House etc. Kutná Hora was declared a world heritage and since then has been protected by UNESCO.
