OUR HOTEL IS THE PROUD RECIPIENT OF:

ISO

International Organization for Standardisation (ISO)
- ISO 9001 – Quality Management certification
- ISO 14001 – Environmental Management certification
- ISO 50001 – Energy Management certification

OUR ENVIRONMENTAL EFFORTS

WE SET ANNUAL GOALS TO REDUCE OUR FOOTPRINT:
Reduce energy use by 3.0%
Reduce water use by 3.5%
Reduce landfill waste by 2%

ENERGY EFFICIENCY

We are committed to reducing our energy consumption and carbon emissions. Here are some examples of measures we have implemented:

- Building automation system upgrades
- Cooling tower system upgrades
- Energy efficient lighting upgrades

WATER CONSERVATION

Water is a finite resource, one that we are focused on conserving. Here are some examples of water efficiency measures we have implemented:

- Water Efficient Lavatory Faucets in guest rooms
- Water Efficient Water Closets in guest rooms

WASTE REDUCTION

Waste negatively impacts our communities. Here are some examples of waste reduction measures we have implemented:

- Recycling of waste including Aluminum/metal cans, Cardboard and Food/wet waste
- Community donations program for Electronics (televisions/office equipment), Hard goods (furniture) and Soft goods (linens/towels)
- Recycle cooking oil waste

OUR COMMUNITY ENGAGEMENT

- **81 Community engagement projects totaling 135,023 Team Member volunteer hours and $3,333,718 in local impact**
- **34 Donations totaling an estimated $288,803 value**

We support and invest in our community by contributing to local economy, developing a talented workforce and fostering local relationships that help ensure success. Here are some examples of how we engage in our community:

- Our hotel partners with a local community organization
- Over 50% of our controlled sourcing is done with local suppliers (within 100 mile radius)
- KZN Coastal volunteer project

CALCULATING YOUR FOOTPRINT

You can estimate the environmental footprint of your event with us by using our hotel's average footprint numbers below. Once your event has taken place, we can use LightStay's Meeting Calculator to provide you with the actual footprint information based on your event's final details.

- Carbon emissions per occupied guest room, per night: 90 kg CO_2
- Carbon emissions per square meter of meeting space, per hour: 12 kg CO_2
- Carbon emissions per full day of meals (breakfast, lunch, dinner), per person: 8 kg CO_2
- Water consumption per occupied guest room, per night: 709 liters
- Waste generated per occupied guest room, per night: 2 kg

JOIN OUR EFFORTS

Here are some examples of actions you can take during your meeting or event to join us in our efforts to Travel with Purpose:

- Rather than using plastic water bottles, provide attendees with their very own branded water bottle to refill at water stations in the meeting room
- Ask the hotel team to help you create a positive impact in the local community by donating any excess food from your event to a food rescue organization
- Encourage attendees to use the Hilton Honors app for digital check-in and e-check out to reduce the need for printing and paper
- Finally, ask our staff questions and give us your suggestions about improving the sustainability of your event!
