

The Royal Australasian
College of Physicians

SUPERVISOR TRAINING

PREP Advanced Training Supervisor Workshop

The Royal Australasian College of Physicians (RACP) in conjunction with Internal Medicine Society of Australia and New Zealand (IMSANZ) is conducting a supervisor workshop, as part of the IMSANZ Annual Scientific Meeting.

Why: The session will be 2.5 hours in length and will cover the following topics:

- PREP requirements for Advanced Training in General Medicine.
- Role and responsibility of an Advanced Training supervisor and mentor.
- Teaching and Learning framework.
- Formative and Summative assessment tools.
- Review and discuss potential changes to training requirements relevant to Advanced Training in General Medicine.

We encourage anyone who is currently serving as a supervisor, new supervisors and those who have not previously attended a supervisor workshop to attend. Advanced Trainees in ATC are welcome to attend. Attendance can be counted towards the MyCPD program.

When: 16 September 2015 (3:00PM - 5:30PM)

Where: Surfers Paradise Marriot Resort & Spa

Workshop facilitators: Dr Rob Pickles, Dr Marie-Louise Stokes and Dr Stephen Dee

How: Register your interest on the IMSANZ website

www.imsanzconference.com.au by **9 September 2015**.
