PMI Welcomes *Difference Makers* to Chicago

ONSITE PROGRAM

PMI® Global Conference

PMI® Leadership Institute Meeting 2017—North America
SeminarsWorld®

Welcome *Difference Makers!*

I'd like to welcome you to Chicago, and I encourage you to make the most of your time with members of the PMI community. In this inaugural Global Conference, PMI is bringing together project and program professionals, chapter leaders and business professionals from over 73 countries to learn, network and celebrate.

This year's theme is *Difference Makers* and I encourage you to take charge of your experience throughout the event and design an agenda that will address your personal goals. Whether you are a Team Builder, Thought Provoker or Complex Thinker, the agenda is packed with presentations, workshops, individual and group discussions, and educational sessions designed to help you find solutions as you practice the art of project management.

The exhibition hall, which opens on Saturday, is designed for exploration. Interactions with vendors and peers will provide you with perspectives and insights you may not have ever considered. The event mobile app allows you to connect with other participants by chapter, industry and company.

As someone who has spent more than 30 years managing and leading global teams, I know what it takes to step away from work and focus on becoming even better at what you do. So, I applaud your commitment to expand your knowledge, learn new tools and processes, and gather insights from experts across the globe.

As Chair of the PMI 2017 Board of Directors, and on behalf of the Board and PMI staff, thank you for your commitment not only to PMI, but to your own professional and personal development.

Mark Dickson, PMP

PMI® CHICAGO EVENTS AT A GLANCE

PMI is excited to host several events and activities while in Chicago. Detailed below are the events that will occur throughout the next several days. This onsite guide is a resource for all participants. Participants are encouraged to refer to their registration confirmation for event access.

SeminarsWorld® Chicago | Pre-Conference Courses | 3-day and 4-day courses

24–27 October

SeminarsWorld is face-to-face seminars which focus on specific project management topics and complements PMI Global Conference activities.

PMI® Regional Chapter Leader Meetings

25 October

Regional Chapter Leader Meetings are for those participants who currently serve as volunteer leaders in their PMI chapter.

PMI® Leadership Institute Meeting 2017—North America

26–28 October

Chapter leaders from across the globe will convene at the PMI Leadership Institute Meeting 2017—North America to engage in a collaborative, inspiring event as successes are shared and leadership skills are developed to operate and sustain the values and visions of PMI chapters.

PMI® Global Conference 2017

28–30 October

Project, program and portfolio professionals will convene to connect with like-minded individuals to learn new ideas and approaches, form new relationships or strengthen existing ones while leading their organizations to better outcomes and investing in professional development and growth at PMI Global Conference.

PMI® Professional Awards Gala

28 October

The PMI Professional Awards Gala and dinner is an annual celebration of project, program and portfolio management – and the industry stars who are not only changing the profession and their organizations, but enabling the evolution of their communities and the business landscape.

SeminarsWorld® Chicago | Post-Conference Courses | 2-Day Courses

31 October–1 November

SeminarsWorld is face to face seminars which focus on specific project management topics and complements PMI Global Conference activities.

Host Chapter: PMI Chicagoland

It is our pleasure to welcome you to Chicago! We hope you enjoy your time here. As the host chapter, we're here to help make this experience unforgettable. Please stop by booth #400 in the Exhibit Hall during PMI Global Conference.

GENERAL INFORMATION

■ Accessing Presentations

Based on your registration type, registered participants will have access to PDF presentations (excluding keynote presentations.) Visit <https://www.pmi.org/global-conference/accesspresentations> to access available presentations. (Login using your email address used to register.)

■ Business Center

Located on the Grand Course Level, 2.5.

■ Dress Code

Dress code is business casual. The convention center may be chilly, so a sweater or jacket will be useful.

■ Evaluation

Evaluations will be available through the event mobile app. In order to gain access to these evaluations, participants will need to bookmark or check into the session using the mobile app. Evaluations will be released 10 minutes prior to the activity end time. Evaluations will close on 8 November.

Additional evaluations will be emailed to you after the conclusion of the event. Your support in providing feedback on your experience will help support PMI's efforts in improving our programs.

■ eventBit® Technology

PMI is pleased to introduce eventBit® technology in Chicago! In an effort to improve the participant experience at future live events, this technology will be tested during this year's programming. eventBit allows the feasibility of checking into a session by simply walking past a device instead of having to stand in line to have your badge scanned. As this is a pilot year and to ensure accuracy of the data collected, eventBit as well as traditional scanners will be used.

Thank you in advance for your willingness to explore possibilities with us! You may choose to opt-out of this pilot during registration check in.

■ First Aid

For medical assistance in McCormick Place, please use a house phone and dial 6060 or use your mobile device to call 312-791-6060.

■ Meals

Leadership Institute Meeting participants will be provided breakfast and lunch during the LIM.

Global Conference participants should refer to their registration badge for applicable meal vouchers if purchased at the time of registration. Vouchers can be used in the Exhibit Hall for meals. Alternatively, a food court on the Grand Concourse Level 2.5 is available for all participants who would like to purchase meals.

■ Lost and Found

Please visit the PMI Registration Desk during program hours.

■ Name Badge

All participants are required to wear their name badge to access all PMI activities. If you have lost your name badge, please visit the PMI Registration Desk.

■ PDUs

In order to ensure your professional development units (PDUs) are reported on your behalf, participants will need to have their badge scanned upon entry to a session. These claims will be automatically uploaded to the PDU transcripts of participating attendees that hold one or more of the following: PMI-ACP, PMI-PBA, PMI-RMP, PMI-SP, PMP, PgMP, PfMP. PDUs will appear on certification holders' transcripts within 7 business days from completion of the attended session. Participants may visit ccrs.pmi.org to confirm PDU reporting. Additionally, an activity tracker is included in this guide to help Global Conference participants keep track of PDUs.

■ Selection of Sessions/Activities

Seating for sessions is on a first-come, first-serve basis. Participants should be prepared with an alternate selection in the event the meeting room is filled to capacity.

Welcome to Chicago*Jonathan Lee, PMP, President, PMI Chicagoland Chapter, LIMC Alumni***Opening Keynote: “Harnessing Your Power to Create Change”**

As Founder of the Global Soap Project, Derreck Kayongo has built a multi-million dollar venture which takes recycled soap and distributes it through global health programs to people who lack access to it around the world. During this emotional keynote session, he will break down the key factors that have led to his personal success—(S.E.L.F.) Service, Education, Leadership and Faith—and will share his account of life as a Ugandan refugee and the turning point which lead him to a brilliant transformation as a social entrepreneur. Mr. Kayongo will call upon us to stop complaining and to start taking responsibility, to consistently seek opportunities to improve, and most importantly, to maintain faith in yourself and your team to create an environment where everyone is empowered to thrive. He will bring us on an emotional journey—there will be tears of joy, but most of the time, laughter. But every time, the story is real.

GOOD LUCK to LIMC-2018

PMI is proud to announce the incoming PMI Leadership Institute Master Class. This group of chapter leaders will participate in the year-long program to hone their leadership skills through seminars, self-evaluations, peer-to-peer feedback, virtual learning and one-on-one coaching sessions. LIMC-2018 will graduate at next year's Leadership Institute Meeting—North America.

Please join us in congratulating the newest Master Class participants, who will be guided by Class Advisor, Sarina Arcari, PMP.

PMI® Leadership Institute Meeting

FRIDAY 27 October

7:45 a.m. – 8:15 a.m. W181ab	#200W: Make the Most of Your LIM Experience with a Relaxed Mind through Meditation Brantlee Underhill, Director, Global Chapters, PMI We know how easy it can be to slip into autopilot when attending a conference – hustling in and out of sessions, responding to emails, tweets and phone calls, maximizing every moment with your volunteering colleagues and hoping that the next break or meal is a tasty – and healthy – one! In the midst of all of this multi-tasking, we may find ourselves in mental and physical overload. We want to offer you a few minutes to clear and reboot your mind space. In this 30-minute session, have a seat, close your eyes, hit the pause button, take some deep breaths, and reconnect to your mindful state of being actively aware in each moment for you to make the most of your Leadership Institute Meeting experience. Please note: This session is optional and seating is limited. Availability is based on a first-come, first-serve basis and attendees will not be permitted to join the session late.

Friday Keynote: “Lessons in Leadership”

As the first female U.S. Navy F-14 Tomcat fighter pilot, Carey Lohrenz knows what it takes to succeed in one of the most demanding, extreme environments imaginable: the cockpit at Mach 2. As a former combat-mission-ready U.S. Navy pilot, Ms. Lohrenz is an expert at working in fast-moving, dynamic environments, where inconsistent execution can generate catastrophic results.

By seamlessly translating the lessons she learned to challenges in business, she provides applicable insight on market change, customer evolution and the importance of adaptability. Author of the *Wall Street Journal* bestselling book, *Fearless Leadership: High-Performance Lessons from the Flight Deck*, she outlines her experiences and advice on how to supercharge performance in today's competitive business environments.

#300WLIM: Make the Most of Your LIM Experience with a Relaxed Mind through Meditation

Brantlee Underhill, Director, Global Chapters, PMI

We know how easy it can be to slip into autopilot when attending a conference – hustling in and out of sessions, responding to emails, tweets and phone calls, maximizing every moment with your volunteering colleagues and hoping that the next break or meal is a tasty – and healthy – one! In the midst of all of this multi-tasking, we may find ourselves in mental and physical overload. We want to offer you a few minutes to clear and reboot your mind space. In this 30-minute session, have a seat, close your eyes, hit the pause button, take some deep breaths, and reconnect to your mindful state of being actively aware in each moment for you to make the most of your Leadership Institute Meeting experience.

Please note: This session is optional and seating is limited. Availability is based on a first-come, first-serve basis and attendees will not be permitted to join the session late.

PMI® Global Conference

PROGRAM KEY

PMI® Global Conference features over 100 educational sessions across three days.

THE PMI TALENT TRIANGLE® GUIDE

Each applicable session is aligned to the PMI Talent Triangle® skill area. The primary skill area designates the available PDUs. Technical PDUs apply only to the PMI certification listed, while Leadership and Strategic PDUs apply to all PMI certifications. The designated PDUs are listed underneath each session description.

■ LEARNING LEVEL (LL) GUIDE

Each session has been designated a learning level by the Conference presenter and is indicated by one of the following definitions. Learning levels are listed in the session description.

- **Core:** Focus on awareness and factual recall; appropriate for those interested in further development of core skills.
- **Applied:** Focus on understanding existing knowledge; appropriate for those interested in using content in practical applications to master concepts.
- ◆ **Progressive:** Focus on project implementation of highly technical or detailed deliverables to support organizational strategy.

■ SELECTION OF SESSIONS/ACTIVITIES

Seating for sessions/activities is on a first-come, first-served basis. Participants should be prepared with an alternate selection in the event that a room is filled to capacity.

■ LEARNING OBJECTIVES

Learning objectives are available for each session. To view, visit the event mobile app.

DISCLAIMER: Unless otherwise disclosed, PMI acknowledges that the statements made by presenters are their own opinion and not necessarily that of the organization they represent, or that of the PMI. Presenters, agenda and PDU information are subject to change without notice. Recording of any PMI educational material in any type of media is prohibited without prior written consent from PMI.

Learning Level: ■

Subtopics: Innovation, New Research

Max PDUs: 1.25 Leadership

You are a mind reader, born with an extraordinary ability to understand what others think, feel, believe, want, and know. It's a sixth sense you use each day in every professional and personal relationship—but how well do you really know what your coworkers, employees, competitors, or customers want or are thinking?

In this high-energy, illuminating presentation, Nicholas Epley takes the audience on an exploration of one of the great mysteries of the human mind. How good are you at knowing the minds of others? How well can you guess what others think of you, know who really likes you, or tell when others are lying? How well do you really understand the minds of those closest to you at work or at home? Why are we sometimes blind to the minds of others? Why do we sometimes talk to our cars, or the stars, as if there is a mind that can hear us? Why do we so routinely believe that others think, feel, and want what we do, when in fact they do not? And, why do we believe we understand our fellow workers, customers, competitors, spouses, family, and friends so much better than we actually do? While Epley's presentation will not turn others into open books, it will give you the wisdom to revolutionize how you think about them—and yourself.

Subtopics: Managing Project and Program Complexity, Talent Management, Methodology

Leaders with demonstrated competence in both project management and lean six sigma help organizations reach their full potential to deliver results and change from within. Both disciplines optimize work processes based on cross-functional employee contributions, while neither requires extensive domain knowledge in order to release organizational capability. Those with this powerful dual skill-set have an increased appreciation for organizational strategy, and a bias for goal-oriented action. Come explore the powerful combination of PMP and LSS!

#515 Product Education Session: KeyedIn Solutions, Inc. – Modeling Project and Resource Scenarios to Deliver Optimal Value

 Learning Level: ●
Format: Educational Track – Analyzing and Process Improvement

Subtopics: Portfolio Management, Project Management in a Global Economy, Scheduling and Resource Management

Portfolio managers are constantly tasked to extract more value from their finite supply of resources. Discovering incremental capacity is a tall order due to the lack of visibility into resource allocations and skills. The solution is scenario modeling, but weighing the trade-offs among different scenarios can be confusing and time consuming. In this presentation, you'll discover simpler approaches to "what if" scenario modeling and learn best practices for optimizing resource utilization across your portfolio.

#537: Closing General Session and Keynote Speaker: Mercedes Ramirez-Johnson – Get it Right Today, Not Tomorrow

 Learning Level: ◆
 Format: Keynotes Educational

Max PDUs: 0.5 Leadership (all certifications); 0.75 Strategic (all certifications)

Do your employees and leaders spend too much time putting out fires and putting off until tomorrow what should be done today?

All too often we operate in survival mode, doing just enough to get the job done rather than doing a good job. Our goals are simply to endure the daily challenges, keep our heads above water, and make it to the end of the week. Sound familiar? Individuals who routinely focus on surviving rather than thriving tend to be disengaged and unfulfilled. Organizations with survival-mode cultures lose millions of dollars in productivity and struggle to achieve long-term profits and lasting success.

“Get It Right Today, Not Tomorrow” serves as a wake-up call. An eye-opening presentation that won’t be forgotten, it powerfully dispels the notion that there will always be a tomorrow in which we can finish today’s important, yet unfinished business. Weaving her inspirational story of tragedy, survival, and recovery with solid business content, Mercedes challenges and changes the way people think and act. Her up-front dialogue, true-life examples and on-the-job application of real-world lessons moves audiences to work and live with intention.
