

Session #:106

## DIScover Your Communication Style

Wendy Godmere  
Communication Specialist

## DIScover Your Communication Style

### WHY ATTEND:

The Model of Human Behaviour is a personal assessment tool used to improve communication between people. It helps people to understand their behavioural and personality differences resulting in more effective communication and greater productivity in the workplace and other environments.

The Model of Human Behaviour provides a framework that allows people to better understand themselves and to adapt their behaviours with others. This can be within a work team, a sales relationship, a leadership position, or other relationships.

## DIScover Your Communication Style
