

SPONSOR THE RACE FOR THE FUTURE OF THE POLYMER & PLASTICS INDUSTRY

Support plastics education and young professionals by joining a select group of companies to participate in the largest Plastics Race ever! The Plastics Race (TPR) is an app-driven scavenger hunt that brings processors, brand owners, industry veterans, and students to your booth at the show.

Using a race map, teams plot a course from one sponsor's booth to the next, answering questions that can only be accessed by visiting participating sponsor booths. The questions test the team's knowledge in the fields of polymer science, polymer chemistry, plastics engineering and more. The team with the most correct answers will be awarded a fantastic prize.

As a race destination, your booth will be visited by dozens of teams, drawing attention, and stirring the curiosity of hundreds of nearby attendees, plus receive extensive marketing.

Non-exhibiting companies can become Gold or Silver Race sponsors to gain branding and visibility leading up to and during the TPR. Plus be sure to join a Race Team for valuable networking.
