

FALL PROTECTION PLAN

Contractor Name: _____

Event Name: _____

Event Date: _____

The following documents must be supplied with this fall protection plan for all employees performing work at heights, above 1.5 meters:

- Work at height and fall protection training certificates
- Medical certificates of fitness valid for the period of the event (*Note: medical certificates must be renewed annually*)
- Inspection checklists for access equipment and fall protection equipment

1. List of activities taking place at height (above 1.5m from the ground):

2. List of equipment used to access work at height (e.g. ladder, scaffold, cherry picker etc):

3. List of fall protection equipment to be used (e.g. harness, life line etc):

4. Who will be appointed from the company to ensure adherence to the fall protection plan:

5. List of staff who will be working at heights. **Medical certificates of fitness must be available for each of these employees:**

6. Who will be inspecting and maintaining the fall protection equipment and how often will they inspect it?

7. Rescue Plan - How will employees who fall and are suspended by their harness lanyard be rescued?
