WELCOME

Dear Colleague,
I would like to take this opportunity to invite you to join me this fall for District II's Annual District Meeting (ADM). This is my first ADM as Chair of District II and I am truly looking forward to three days of educational programming,

networking, and social events at the Grand Hyatt in the heart of Manhattan.

District II's dynamic conference will provide you with a foundation of knowledge, techniques, and best practices to help you succeed in the ever changing field of obstetrics and gynecology. I am grateful to the District II Annual Meeting Program Committee for developing an outstanding program featuring critically acclaimed faculty from across the country. Our Scientific Program Co-Chairs, Vanessa Barnabei, MD, PhD, FACOG and Lynn Simpson, MD, FACOG, are to be commended for their academic guidance and leadership.

For 2015, we are pleased to have Dr. Ken Noller from ABOG join us for another year to lead an invigorating panel discussion and put our brains to the test in a dynamic maintenance of knowledge learning session. Additionally, we are excited to bring you lectures on topics for a wide array of obstetrical and gynecological issues from surgery in the morbidly obese patient to prenatal genetics and emerging technologies for evaluating the fetus.

While the ADM will allow us to broaden our minds, it will also provide a unique opportunity to connect with colleagues who share our passion for this specialty. Additionally, I encourage you to take advantage of your time in the Big Apple - see a Broadway show, indulge in fine dining, explore a museum, or venture to go on a shopping spree. Whatever your ADM experience holds it is bound to be worth your while.

I look forward to seeing you in October!

Sincerely,

NICHOLAS KULBIDA, MD, FACOG

Chair, ACOG District II

The Annual Meeting faculty will offer attendees a unique opportunity to hear about the most current updates in the specialty of obstetrics and gynecology such as HIV, malpresentations, neoplasia, genetic counseling, postoperative wound care and complications, and more. Attend this session to catch up on the latest in our field.

INTERACT, EXPLORE, NETWORK

EXHIBIT HALL

The exhibit hall is a bustling one-stop shop to relax, network, test new products and find the tools and resources you need to stay ahead of the curve. Grab a cup of coffee with colleagues and faculty and interact with industry representatives who generously support District II.

EDUCATIONAL SYMPOSIA

While you are at the Annual Meeting you will have the opportunity to hear from industry leaders talk in depth about important developments in the area of OB/GYN through educational symposia sessions. These FREE sessions offer breakfast or lunch and take place during the breakfast and lunch hours so you don't have to miss any lectures on the official agenda! Watch for more information pertaining to the topics that will be presented at this year's meeting.

PRODUCT THEATER

Wish you could learn more about a cutting edge product or service in more detail but haven't been able to find the time? The Product Theater, located in the Exhibit Hall, will offer free, quick, mini sessions giving you the opportunity to hear about some of the latest technology and services relevant to your practice.

FREE WI-FI AND CHARGING STATIONS

ACOG District II is pleased to provide you with FREE Wi-Fi Internet service on the Ballroom Level of the Hotel where the lectures and the exhibit hall will be located. Because an electronic device is only as good as the amount of battery life it has left, FREE charging stations will be available in the main meeting room where lectures will be held throughout the three days.
