

## Why You Should Attend PLTW Summit 2016

Do you seek exciting new ways to engage and connect with others committed to empowering students to thrive in our evolving world? Are you dedicated to providing students with a hands-on learning environment and helping them understand how their education is relevant to their lives and future careers? If so, PLTW Summit 2016 is for you.

PLTW Summit 2016 brings together a diverse group of guests – students, teachers, school administrators, business and community leaders, university and college administrators, nonprofit and philanthropic partners, and government officials – focused on innovation in education. At PLTW Summit 2016, guests have countless opportunities to learn and grow through quality agenda offerings including high-caliber keynotes, interactive workshop sessions, and lively networking events that focus on curriculum, professional development, and community engagement.

When you register for PLTW Summit 2016, you'll get:

- 3+ days of robust professional learning experiences
- Unlimited networking opportunities with approximately 1,600 educators, STEM leaders, and business representatives from around the country
- Four general sessions led by speakers who understand the importance of the work we are all doing to empower students to thrive in our changing world
- The opportunity to choose from numerous breakout sessions in a variety of formats, including lectures, interactive workshops, and hands-on learning environments
- Access to interactive exhibits where you can connect with PLTW partners and vendors
- Opportunities to experience K-12 PLTW programs and student work in action

Don't miss PLTW Summit 2016, March 20-23, 2016, in Indianapolis, Indiana.

## How PLTW Summit Benefits You

PLTW Summit 2016 is for education leaders at every level.

- **Teachers will:**
  - Access top-notch professional learning experiences, including curriculum, software, and technology sessions
  - Collaborate and network with peers and STEM leaders committed to helping students thrive
  - Hear the latest PLTW updates, get a sneak peek at what's next, and share their ideas
- **School Administrators will:**
  - Develop proven strategies to support funding and team development
  - Find out about the latest tactics for implementing PLTW and activity-, project-, problem-based (APB) learning
  - Learn to maximize what the PLTW network has to offer
- **Advisers and Counselors will:**
  - Discover what colleges and employers look for in order to better advise and guide students
  - Develop strategies to boost student interest in STEM subjects and career fields
  - Find new ways to motivate and inspire by sharing PLTW student success stories

- **University Educators and Administrators will:**
  - Discover best practices to boost collaboration between higher education and industry
  - Learn ways to attract PLTW students to their institutions
  - Connect with PLTW State Leaders and Affiliate Directors to see how you could become a part of the PLTW network
- **Business and Government Leaders will:**
  - Get a peek inside PLTW classrooms to see how our APB learning and teaching differentiates our programs
  - Connect with and share best practices with others committed to empowering students to thrive in an evolving world
  - Discover methods to increase business and community involvement in education
