Industrial Internet of
Things

www.thinfilm.io

+1-408-503-7300

Companies view logistics, supply-chain management, and fully leveraging the lifespan of their infrastructure as critical to maintaining their competitive edge. How do you ensure end-to-end chain of custody and counter against fraudulent practices?

With **Thinfilm's** NFC solutions, companies can inexpensively connect fixed assets, inventory, and goods-in-transit to the Internet of Things. Organizations will benefit from the traceability, tracking, and instant access to connected information that NFC tags and CNECTTM software bring to physical objects.
