Meal Counting and Claiming

Private Non-Profit

- CEs had daily meal count records/consolidated counts that 36% were not complete and accurate
- 21% Sites did not accurately record the daily count on a daily meal count form

Educational Institutions

CEs did not accurately record the daily count on a daily meal 1% count form

Common Examples

These errors resulted in the CE claiming either more than or fewer than the eligible number of meals.

- Meals are not counted correctly on the Daily Meal Count Forms.
- The CE's consolidated meal count is not accurate.
- Meal count records were missing for the days meals were served.
- Meal counts were not taken at the point of service.

Common Examples

- The CE did not provide the required oversight and/or did not conduct required visits or reviews.

USDA Best Practices – Handout

Ensure each meal claimed for reimbursement is served as a complete meal. A complete meal includes all of the required meal pattern components for the meal service type.

1. Point of Service Meal Counts

Count meals at the point of service. This helps to make sure that the meal counts are accurate. At the end of each meal, record on the daily report form (provided by the sponsor) the number of complete breakfasts, lunches, snacks, or suppers you served as first meals and as second meals.

2. Recording Adult Meals

 $\mathbf{08}$

Best Practices

Ensure that ALL adult meals (program and nonprogram adult meals) are recorded separately and omitted from meal count totals that are submitted to the sponsor for reimbursement.

3. Meals Taken Off-site

Any full or partial meals taken off-site are not reimbursable and must be deducted from the meal counts submitted for reimbursement.

Based on sponsor policy, a fruit, vegetable, or grain component may be allowed to be taken off site. Item must come from child's own meal or a "share table."

4. Double Check Meal Counts

Communicate with another staff member to compare point of service meal counts after each meal service to ensure the proper number of meals are claimed for reimbursement.

For sites operating offer vs. serve:

Site staff must ensure that all meals counted for reimbursement meet the required offer vs serve meal pattern components for the appropriate meal type.

Best Practices

USDA Best Practices – Do's

- Prepare or order ONLY the number of meals needed.
- Count the meals as they are received.
- Serve the meal only during the assigned time.
- Serve the children in an organized manner at mealtimes.

USDA Best Practices – Do's

- Count meals at **point of service.**
- **Record** the number of complete meals once all components have been served.
- Count second meals separately if your sponsor allows seconds. Second meals must be served as complete units.
- Complete the daily records in a **timely manner**. Keep them in a safe place away from children, weather, and animals.

USDA Best Practices – Do's

• Put up the approved "And Justice for All" poster in a visible location.

• If possible, organize site activities so that your staff and the children have interesting things to do when it is not mealtime.

• Plan the staff members' time so they may sit with the children while they eat.

- Encourage the children to try new foods.
- Clean the site after the meal.

Have fun!

USDA Best Practices – Don'ts

• Serve second meals until all children at the site have been served **one complete** meal.

Serve meals with missing components.

• Serve meals to parents or other adults from the community, unless allowed by your sponsor.

 Allow any part of the meal to be taken offsite, unless your sponsor allows a fruit, vegetable, or grain to be taken off site.

USDA Best Practices – Don'ts

• Sign meal receipts until all meals are carefully counted and checked.

 Allow discrimination against any child because of race, color, national origin, sex, age, or disability.

 Forget to have each meal service supervised by a person trained in the operation of the program.

• Hesitate to contact your sponsor if you have concerns....Or ESCs or TDA!
