

MAY 20-21, 2020
Pre-event Courses May 19

Scotiabank Convention Centre
Niagara Falls, Ontario, Canada

SPONSORSHIP PROSPECTUS

The Centre for the Advancement of Trenchless Technology (CATT) at the University of Waterloo and Benjamin Media are pleased to announce the Trenchless Roadshow (TRS Roadshow) May 19 to 21, 2020 to be held at the Scotiabank Convention Centre, located in Niagara Falls, Ontario, Canada.

CATT and Benjamin have been organizing this event since CATT's formation back in 1996 and have grown it to be CANADA's largest and premier trenchless technology focused show with over 60 exhibitors and over 450 attendees.

Did you know that the City of Toronto annually replaces 35 to 50 km of watermain and renovates more than 130 km using cathodic protection and CIPP pressure pipe liners? This makes Toronto's Watermain rehabilitation program one of the largest in North America and the world. Canada has been and continues to be a hotbed, bringing new and innovative technologies to the North America market. Many of these new technologies have been first showcased and presented at the TRS Roadshow.

As a leader in the trenchless industry, this show offers some unique opportunities for you to connect with industry-leading municipalities, customers and industry experts from across Ontario and Canada, as well as from the northern United States.

Your sponsorship also helps CATT train the next generation of trenchless engineers and researchers, perform world class research and helps grow the trenchless market. More importantly, your sponsorship helps CATT continue to provide world class education programs for industry professionals at this show and through our world class education program that consists of specialized workshops, seminars and short courses. Did you know that CATT is also a leader in developing industry specifications through the Ontario Provincial Standard Specifications (OPSS), AWWA, ASTM and recently ISO Standards with the recent formation of a mirror ISO/TC138/SC8 committee that develops pipeline rehabilitation standards?

The following sponsorship brochure describes in detail the sponsorship opportunities available that can help you become or continue to be an industry leader. This year we have added two new opportunities: 1) Notebook with your Company logo that will be distributed to all attendees, and 2) Wi-Fi Sponsor which will allow attendees to log onto the Convention centre if using your Company name and will direct them to your website.

Platinum and Gold show sponsorships also get you extended acknowledgment as a show sponsor in all conference marketing and promotional material that includes social media, print media, emails to all attendees and advertisements in Trenchless Technology magazines. To maximize this opportunity, we suggest you contact us immediately before the limited number of sponsorships are gone.

Please feel free to contact us by email admin@catt.ca or calling us at 519 888 4770 should you have any questions about the TRS 2020 and/or sponsorship opportunities.
