ADHA/DENTSPLY Student Clinician Poster Session Participant Setup

ADHA in conjunction with DENTSPLY Professional is pleased to announce the Graduate Student Clinicians Research Program. The director of each graduate dental hygiene program may identify one student to participate. One graduate dental hygiene student per program may present their research in a standard scientific poster, in the format of the International Association of Dental Research (IADR).

RDH Poster Session Participant Setup

RDH poster session presenters are able to setup their presentations.

ADHA Research Poster Session at ADHA's Annual Conference provides dental hygiene researchers and educators the opportunity to present their work, exchange ideas and share information and effective strategies for teaching and mentoring research with their colleagues and other dental hygienists. Posters should pertain to ADHA's National Dental Hygiene Research Agenda, evidence-based patient-centered dental hygiene practice, or an area of dental hygiene-related research significant to the participant.
