around.

Development Officer, Alzheimer's Australia
NSW

*Whether it is the stress of moving into
residential care, caring for someone at
home or living with a mental illness the
people that we care for are often in an
anxious and vulnerable state. This session
explores the ways in which we can allay
some of those concerns.*

12:45pm - 1: 45pm

Lunch

Grand Pavilion, Exhibition Hall

Please join our Exhibitors in the trade hall for Lunch

1: 45 pm - 2: 45 pm

Panel Session - Euthanasia

Grand Pavilion, South B

Following the positive response to the panel session on CPR at our 2013 State Conference there was a request for a similar panel session on the even more contentious issue of euthanasia. As we believe that no subject should be taboo and that there is value in discussing the various viewpoints on all issues of relevance to our sector we are including a panel discussion on the issues and sensitivities around euthanasia at this year's NSW State Conference.

ACS has invited speakers from diverse professional backgrounds to explore the issues from their various perspectives.

Palliative Care

Clinical Care

Ethics

Law

Church & Faith based

General Practice
