A nutty chocolate flavour with undertones of honey, malt, and caramel, finished off with a sweet floral aroma. Winning a silver medal at the National Golden Bean Awards our premium blend is our original signature coffee.

SUNSET

This full flavoured and vibrant blend has an intense flavour which is complimented by a sweet and nutty aftertaste. Hints of vanilla and caramel, and a rich golden crema provide consumers with the complete coffee experience.

TIEMPO FAIRTRADE

This unique award winning coffee sourced with beans from South America and Asia is a smooth and sweet seasonal blend that boasts unique flavour combinations and a light floral aroma with medium body and light acidity.

SUPREMO

Supremo is our latest award winning blend, created from beans sourced from the finest growing regions of Eastern Africa and South America; it is an intense yet smooth creation. This medium to full bodied blend will suit and satisfy all palates.

LISCIO (Smooth)

Liscio is our smooth yet mellow coffee, blended with beans from Kenya and Nicaragua; it is a smooth and sweet aromatic blend that offers customers a uniquely rewarding experience.

In addition to these blends, we are able to blend match. So what that means to you is, if you already have a blend or Single Origin that you use and love, bring it to us and we will match it. Right down to the aroma and aftertaste. We want to make sure you're completely satisfied with your blend.

In addition to the blends and origins available (off the shelf) we have the expertise and facilities for custom blend development. We can comfortably create bespoke coffees, working together with our clients to develop a unique blend using a criteria set out by you.
