

ABOUT AUSTRALIAN GLASS AND GLAZING ASSOCIATION (AGGA)

The Australian Glass and Glazing Association (AGGA) is the industry's peak body representing state association members and individual companies covering glass manufacturers, processors, merchants, glaziers and suppliers of supporting machinery, services and materials.

The association promotes and encourages trade and business interests of its members and provides them with information and advocacy services on all aspects of glass, including energy efficiency, Australian Standards, safety compliance and skills training.
