

NAS Australia Company Overview

Established in 1982, NAS Australia is a family owned and operated wholesaler of cutting edge Electronic Security, TV Reception and Custom installation products. We pride ourselves on our ability to deliver the right products at the right price, backed by exceptional pre- and post-sale services. With over three decades of industry experience, NAS are the fully qualified experts in the Electronic Security, MATV & TV reception industries.

Among the pioneers of products and techniques for reception of analogue and subsequently digital satellite television in Australia, NAS has continued to provide leading equipment solutions to the installation trades throughout Australia and the South Pacific region.

NAS remains at the forefront of technologies that deliver digital television and AV services across traditional and new transmission media, including fiber, wireless and IP over coax solutions.

Despite the "race to the bottom" seen in many industries and product categories during recent times, NAS maintains its primary focus on quality products and exceptional service. We offer the best value for money solutions for every Electronic Security, TV, MATV and AV installation with right products for the job. NAS has never been about the bells and whistles, or the gimmicks, or the once-in-a-lifetime offers. We have expertise, we offer support generously, and we respect our customers.

Technology is evolving at an ever increasing pace and NAS is determined to develop and offer the necessary assistance, training and product range that will enable our customers to converge and grasp the opportunities this change will present. With this in mind, NAS has recently implemented an active product diversification strategy that has seen us partner with many reputable brands in the CCTV, Intrusion, Access Control, Home Theatre, Home Automation, Enterprise WIFI and Data industries. The leading brands include RISCO Cloud Intrusion, Paxton Integrated Video Intercom & Access Control, WAMA IP & AHD CCTV, Ubiquiti Wi-Fi, Kramer Controls, Denon, Pioneer, Philips, Blustream, Samsung, Epson, Grove Communications and 4ipnet.

To support our diversified range, NAS has transformed our Brisbane, Newcastle, Cairns and Sunshine Coast Showrooms into Technology Hubs where NAS Staff, our customers and their customers can collaborate, demonstrate and tailor personalised technology solutions to meet their individual needs.

We will strive to become your supplier of choice.
