

Company Profile

Based in Melbourne, Sydney, Brisbane and Perth, the SAS Supplier Group offer an extensive range of products for the signage, building and residential markets.

Our range covers aluminium composite panels, display and exhibition equipment, rigid board, decorative film and LED lighting.

Aluminium Composite Panel

We supply Australia's largest range of composite panels - 77 finishes, including basic colours, metallic, pearl, timber and mirrored finishes, just to name a few.

Printable panels are also available, plus ur first non-combustible, fire rated panel - Alcor-N.

Display and Exhibition Equipment

Roller banners, A-boards, flags, promo tables, brochure stands, snap frames and more.

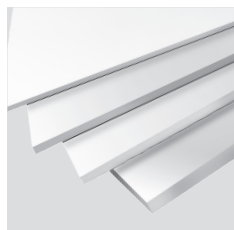

We also offer jumbo oversized display options up to 3 metres wide. These include roller banners and our popular fabric pop-up walls, which can be fitted with LED back lighting for extra impact!

Digital Print Media

We stock a large variety of digital print media, perfectly suited for our complete display range.

Surced from the best manufactures in Korea and China, our range includes self adhesive vinyl, banner vinyl, canvas, laminate, one way vision synthetic paper and more.

Rigid Board

With boards to suit both indoor and outdoor use, our rigid board is easily cut and routed.

Printable boards are available, along with Celuka hard skinned boards for greater durability.

Our range also includes Polypropylene flute boards.

Interior Decorative Films

Express your interior design creative with our adhesive, interior use decorative films.

Over 250 patterns, textures and prints to choose from, including timber, metal, stone, concrete, leather, fabric, basic colours and more.

Fire resistant films are also available.

Lumme LED Lights

Our own brand of LED lighting, Lumme, has a range to suit your commercial, industrial and residential lighting needs.

With lights for both indoor and outdoor use, we're bound to have a solution for your next lighting project.

Switch to LED lighting and save up to 80% on your energy costs!

- 2004** Signage Accessories Supplier launched onto the market with a modest range of display equipment.
