SPECIALISTS IN METAL FINISHES

THE WORLDS LEADING METAL FINISHES MANUFACTURER

- ◆ Rimex Metals was founded over 50 years ago. We are metal finishing experts with extensive experience in the manufacture & supply of high quality metal finishes. Our team is available to answer any questions you may have.

AUSTRALIAN MADE FINISHES

- ◆ Rimex Metals manufactures a diverse range of Australian Made patterned & textured Stainless Steel, Aluminium & Other Metals.
- ◆ Our finishes can be Damage Resistant, Anti-Vandal, Functional & Modern Finishes & much more. We can supply finishes for all applications from hard wearing to fancy finishes.

COST EFFECTIVENESS

- ◆ Our range of Australian Made finishes are extremely well priced for this market & very cost effective in comparison to traditional laminates etc...
- ◆ Rimex can produce our Australian Made patterns cut-to-size, reducing the wastage factor.
- ◆ Our ex-stock & coloured range are very well priced & plenty of stock is available.

WEBSITE SPECIFICATION TOOL

- ◆ Our website will show you the different finishes available, whether they are Australian Made, Ex Stock or Imported, and the sheet sizes, & thicknesses available.
- ◆ You can order samples, obtain a quote, ask a question or find a useful data sheet on our easy to use website.

ENVIRONMENTALLY FRIENDLY

- ◆ The metals used to create Rimex finishes are 100% recyclable. The metals have anti corrosive properties to ensure an extended life span of the product. Rimex finishes are also easy to clean, no harsh chemicals required for routine maintenance.
