FILLINGS, TOPPINGS, CONDIMENTS & SYRUPS

Working together to inspire
and create fabulous food

“The team at Barker’s has a clear focus on delivering food solutions and product concepts underpinned by leading technology, consistent quality, uncompromising service and the strategic and operational flexibility to meet the demands of an ever-changing and dynamic market place”.

The view from our factory – we are located just at the base of this beautiful mountain range – ‘Four Peaks’.

YOU WANT SOLUTIONS

Innovation and flexibility are key. Research and development play a major role, which is why we are committed to the ongoing development of our knowledge base and our capability for product and process development and applications testing. More than 300 of our product lines have been developed and tailored to meet the specific needs of customers – and we deliver to schedule and budget. This is why we have become the industry leader in many categories. If you are looking for solutions, please talk to us.

WE RESPOND TO THE CHALLENGE

As a result of fulfilling customers' demands over the decades, Barker's extensive product capability now includes medium and high moisture snack and bakery fillings, yoghurt and ice cream preparations, retail and foodservice jams, spreads, chutneys, condiments, sauces, jellies, toppings, compotes, smoothie bases and juice drinks. This comprehensive range makes Barker's the leading Australasian manufacturer of fruit, vegetable and related bakery fillings and toppings, and we are now the preferred supplier to many of Australasia's top food producers.

Still located on the original Geraldine site in the central South Island of New Zealand, Barker's continues to offer quality, innovation and excellence to its business partners in New Zealand, Australia and around the world.

PASSION AND COMMITMENT

Through the years, we have developed and nurtured a culture of passion and commitment in what we do and that has fostered strong staff loyalty. Our clients have proved equally loyal to the qualities that have gained Barker's a hard-earned respect both locally and internationally.

The Barker's Team

Utilising the finest quality ingredients and modern manufacturing processes, Barker's have positioned themselves as the leading manufacturer of fillings, toppings, condiments and syrups in Australasia. Since 1969, our name has become synonymous with innovation, quality and reliability.

Barker's offers an extensive range of sweet and savoury fillings, toppings and syrups for baking and dessert applications.

Baking applications can be diverse and demanding. Each of our product ranges are developed with specific functionality, featuring an exciting and contemporary range of flavours, both sweet and savoury.

For example; "Patisserie Fillings" offer premium quality fruit, but if you need cost economy select "Fruit Fillings". For smooth crème filled cakes and pastries select Patisserie Crème", but choose "Classic Crème" for greater bake stability in scrolls, muffins and slice.

To select the right product for your application we welcome your inquiry.

All Barker's Professional jams and fillings are bake and freeze thaw stable and are available via nominated distributors throughout New Zealand and Australia.

Please note the initials 'GF' denote Gluten Free, 'GND' denote Gluten Nil Detected, 'DF' denote Dairy Free, 'HC' denote Halal Certified, 'HS' denote Halal Suitable, 'V' denotes Vegan Suitable.

FRUIT SILK®

These fillings look and taste like smooth, creamy mousse and contain real fruit. A great addition to your dessert menu. Contain milk solids.

Sundried Tomato & Olive GF HS V	1.25kg	75315
Tomato & Mushroom GF HS V	1.25kg	75314

Barker's Professional have become the experts at hitting upon flavour combinations and variants that seem to strike a chord with not only customers who are looking for that traditional "comfort food" familiarity, but also those looking for something a little out-of-the-ordinary in the way of taste sensations.

A key factor in the success of our range has been the time and effort the Barker's team of food technologists and consultant chefs have put in at the development stage. This team are not only creative they are also real food lovers!

The range they have created can add a new level to existing recipes and meals, without overpowering the food with unnecessary flavours. The common ingredient in each recipe is the ability to make you want to take the next bite.

As a result of our dedication to finding perfect flavour combinations, the products cover a very wide range of tastes and have an unlimited scope of applications. High fruit and vegetable content, fantastic appearance, superb flavours... give your food a lift with the Barker's Professional range.

DRESSING

Inspired by global cuisines from around the world and using simple ingredients we have created these delicious dressings to help save time and create magic in the kitchen. Whether it is crisp, leafy greens, warming root vegetables, omega rich salmon or delicately tender seafood these dressings are guaranteed to take your dish to wonderful new heights.

Peach, Mango & Passionfruit GF HC V	1kg	76705
Rhubarb & Redberry GF HC V	1kg	76706

The background of the slide features a photograph of several glass bottles filled with a pink liquid, likely a smoothie or juice. The bottles have gold-colored screw caps. One bottle in the foreground is open, showing a thick, frothy pink foam on top of the liquid. The bottles are arranged on a light-colored, textured surface, possibly a countertop. A white, rectangular text box with a decorative, scalloped border is centered over the image. The text inside the box is in a black, serif font and is flanked by two horizontal lines.

Crafted Syrups & Toppings:

Product Details

30g Jar Conserves

Apricot Conserves GF V

(Code: 85120)

Small bits of apricot add sparks of brightness to this luscious preserve.

Cherry Conserves GF V

(Code: 85122)

A deep red colour with small morsels of cherries for an enduring flavour.

Raspberry Conserves GF V

(Code: 85124)

Natural seeds give the preserve a slight earthiness and full flavour.

Strawberry Conserves GF V

(Code: 85125)

A smooth texture brings out the sweet richness of cooked strawberries for a perfect texture and flavour.

Wild Blueberry Conserves GF V

(Code: 85121)

Wild blueberries in a velvety, sweet gel create a delightful and robust blueberry experience.

Orange Marmalade GF V

(Code: 85123)

Heady aromas of an orange grove paired with a natural, fresh taste in each bite.

Honey GF V

(Code: 85126)

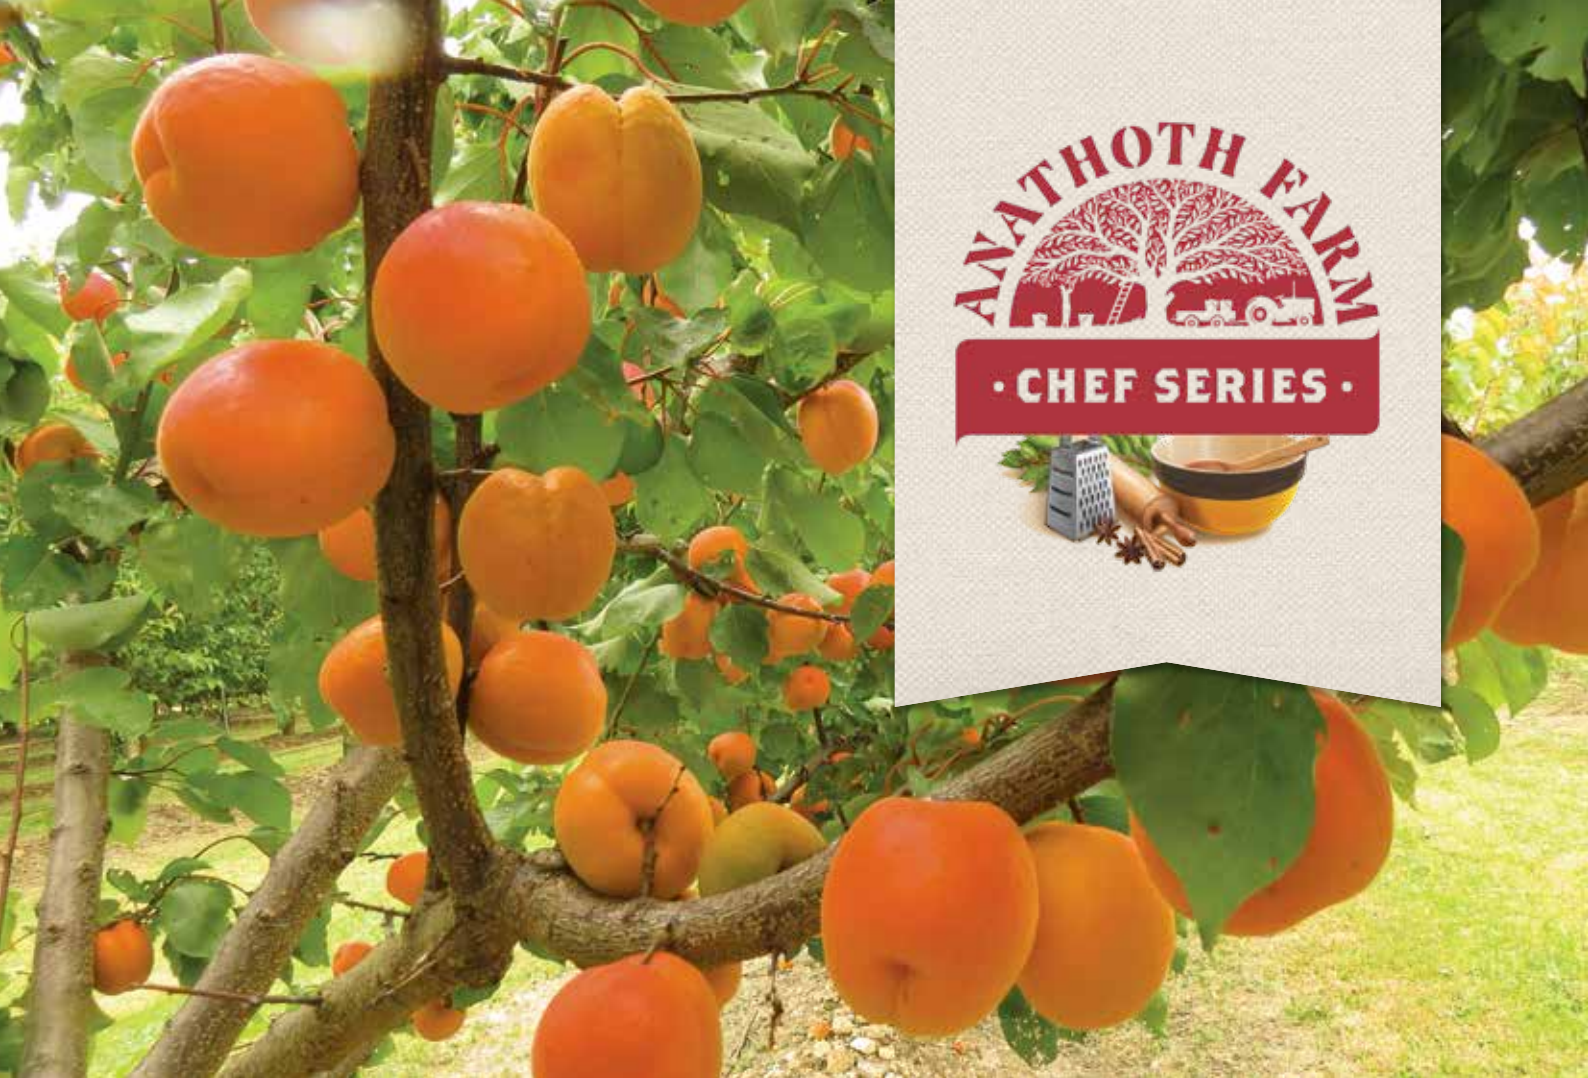

A deliciously floral, light honey that naturally makes a perfect breakfast partner.

Bonne Maman®
Moments to cherish

JAMS & MARMALADES

It all started over 30 years ago on the Anathoth farm where the jams and pickles were made in simple pots and sold at the local weekend market. The locals loved the big, bold, real fruit flavours and kept coming back for more. So we've kept the traditional jam recipes and the same very simple ingredients. In foodservice, because our customers wanted consistency we have added just a touch of pectin.

VARIANT	PACK SIZE	CODE
Apricot GF V	1.25kg jar	81322
Raspberry GF HS V	1.25kg jar	81005
Raspberry GF V	2.8kg jar	80134

Strawberry GF HS V	1.25kg jar	81002
Three Berry GF HS V	1.25kg jar	81013

**This marmalade does not contain grapefruit*

PICKLES & RELISHES

It's only natural that we use quality produce for our pickles and relishes, and make them nice and chunky with lots of real fruit and vegetables and just the right amount of spices. Just like you would make yourself if you had the time. But not everyone can afford the time and not everyone will find the enjoyment in the actual doing, so we do it for you. All Anathoth Farm Chef Series pickles and relishes are preservative free.

VARIANT	PACK SIZE	CODE
Beetroot Relish GF V	1.2kg jar	81009
Farmstyle Pickle GF V	2.55kg jar	80132
Sweet Chilli Relish GF	1.2kg jar	80069
