## TMV2000A Vacuum Blender

Fast vaccuming time  
– around 20 seconds

Freshness is achieved by  
vacuuming to the same  
condition as at the peak  
of Mt, Everest, the world' s  
tallest mountain

Extremely Fresh

極鮮  
gokusen

※ Vacuum means pressure that is lower than atmospheric pressure

Fresh Master, Blender can provide extremely fresh smoothies

# From their Matsumoto hub, Tescom Engineering invented “gokusen” the vacuum blender which preserves food freshness and nutrition to the highest level

**Made In Japan**

Tescom operate their manufacturing, research and development, quality control and after-sales service from their world-class facility in the scenic countryside of Matsumoto, Nagano Pref.

Tescom care about the environment, and generate their own clean energy using solar panels. They have been recognised by the Matsumoto city government as industry leaders in sustainability.

**No. 1 blender market share in Japan for 13 consecutive years (2004-2017)**

## Lightweight, heavy-duty blender container

**1.5L**

Our clear blender jug is made from Titan TM resin, a tough material which is BPA-Free and dishwasher safe.

## Vacuum sealed cup (400ml)

Our vacuum sealed cup is insulated to keep your smoothie fresh and cool. The wide spout is designed for easy drinking.

## Illumination ring

Lights up when vacuum is reached for maximum freshness.

## Powerful cutter with 6 blades

Serrated blades can powerfully blend dietary fibres into a smooth texture. The blade mechanism detaches for easy washing.

## Auto Functions & Timer

One touch vacuuming and blending with the “Vacuum Fresh” function, which shows the time left on the display. Blending time can be set between 10-120 seconds.

## Powerful DC motor and double vacuum pump.

The processor's powerful motor blends and vacuums, and reduce the overall blending time.

**Patent pending**

## Specification

Power	AC220-240V~ 50-60Hz
Power consumption	450W
Dimension(main body)	W260×D195×H460mm
Model no.	TMV2000A

- Note that the rated values and specifications may be changed without notice when improvements are made.
- Note that the colours in the catalogue may differ slightly from the actual product due to the colours available when printing.
- Please contact the nearest sales outlet for any inquiries regarding this catalogue.
