AMACYN NATURAL PERFUME

We are
designer and
makers of
100% vegan
and plant-based
perfumes.

Our Mission

We believe in a synthetic free world and making 100% natural perfume with organic ingredients is our contribution.

We advocate plastic free packaging and cruelty free natural beauty products by using innovative biodegradable, recyclable, and reusable materials; by not testing our products on animals.

It is our aim to support humanities wellbeing through our perfumes, charity and innovation projects.

Our Portfolio

We have 480 plant-based vegan perfume formulas created by our perfume artist for over 10 years. Sixteen of these perfumes were launched in 2017 and will be at stand 70 start up zone.

Our Promise

- * Rigorous selection of ingredients supplied by high quality and trusted Australian producers, suppliers, distillers.
- * Traceability of ingredients.
- * Use aromatherapy grade 100% natural and certified organic undiluted essential oils.
- * Use of certified organic pure natural undenatured fermented wheat and sugar cane.
- * The use of non-carcinogenic essential oils and oils.

our promise continued....

- * Rigorous inspection to ensure consistency and quality of the highest level.
- * Effective tests carried out under compliance to Australian and international regulatory bodies.
- * The use of biodegradable, recyclable, and reusable packaging materials.
