

MODAtm *Sparkling*

Nº. 1 FOR TASTE

Introducing **MODA[™]**

Pursuit of the best-tasting sparkling water is a long-standing obsession of Italians. So much so, that it drove them to invent something special.

The **MODA** Sparkling Water System was born in Italy out of a desire to mirror the taste and quality of the highest end bottled water.

Italian by design, local by definition, **MODA** provides an outstanding opportunity to increase profits, streamline your business, make an environmental statement and ignite your customers' joy of taste.

"We've had a great response from customers, who are greeted as always 'Still or Sparkling'? Nothing has changed except our margins have improved."

SAM CHRISTIE, LONGRAIN GROUP

ooo

"**MODA** has enabled us to 'localise' our water supply rather than extracting it bottle by bottle from the other side of the world. While on an operational level the system has helped to streamline our business, reduce costs and ultimately improve our bottom-line. And of course it tastes great – the perfect complement to our menu and evolving wine list."

KYLIE KWONG, BILLY KWONG

ooo

"We've cleared out storage space to make way for even more whisky and reduced our carbon footprint by axing bottled water."

RUSS MCFADDEN, EAU DE VIE

ooo

"Just a great product, both in terms of taste and effervescence – also brand positioning! We serve **MODA** across our entire portfolio."

STEFANO De BLASI, SALT MEATS CHEESE

UNRIVALLED MARGINS

MODA allows you to offer premium still and sparkling water on tap and sell **MODA** water in reusable glassware. The results are liquid gold: low costs and unparalleled margins adding significantly to your bottom-line every week.

OPERATIONAL ADVANTAGES

Streamline your operations by removing the hassle and expense of handling and disposing of countless water bottles.

MODA also saves on refrigeration costs and frees up valuable storage and fridge space.

ENVIRONMENTALLY FRIENDLY

In keeping with the positive trends of today, **MODA** helps to localise your beverage supply. In turn your business makes an environmental statement by cutting food miles and greatly reducing the number of disposable bottles.

"**MODA** has helped simplify an important aspect of our operation.

Their attentive and personable service has been a standout."

SOMER SIVRIOGLU, EFENDY & ANASON

"Environmental impact is the most important benefit for me.

We also save on storage which is another great advantage."

MIKE McENEARNEY, No.1 BENT ST & KITCHEN BY MIKE

ooo

"**MODA** has enabled us to bring our Nitro coffee product to life

in conjunction with an integrated sparkling water system.

The perfect addition to any cafe or bar."

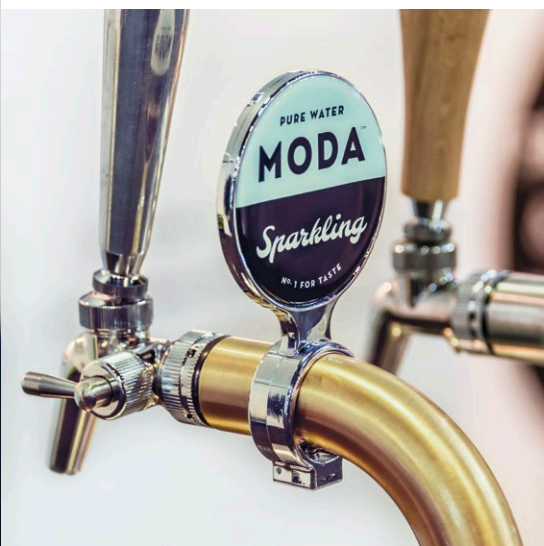

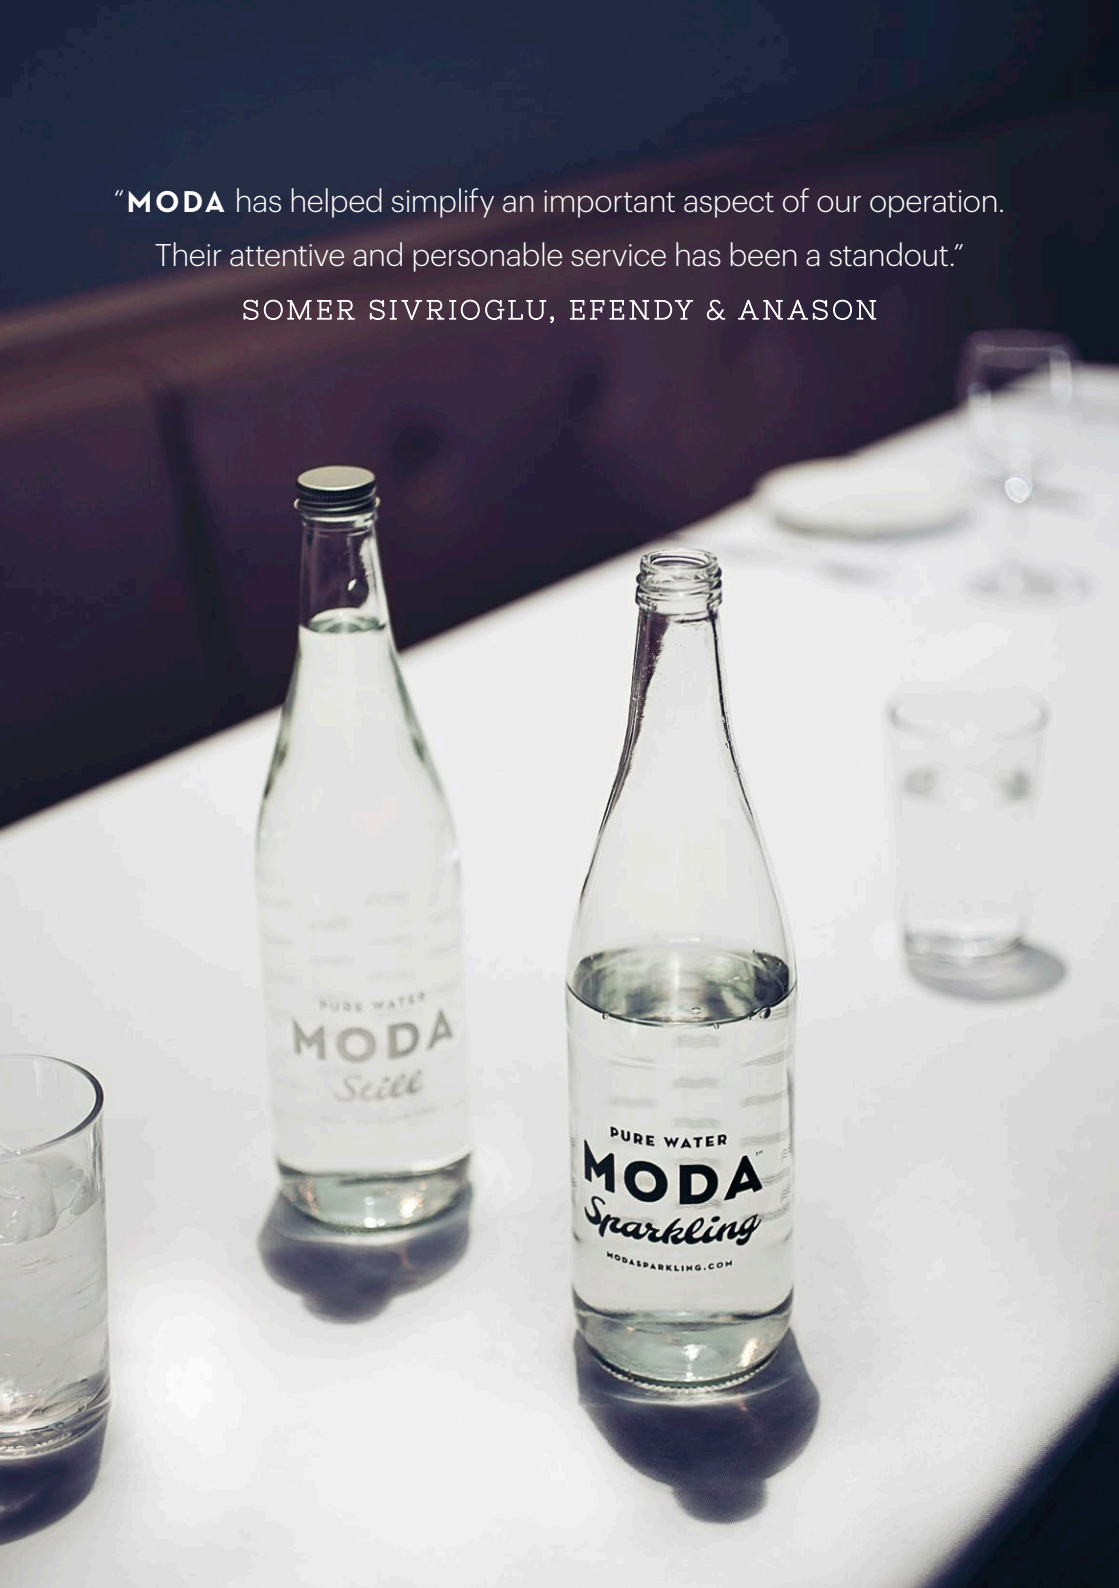

SAXON WRIGHT, PABLO & RUSTYS

ooo

"I never thought I'd see the day – but like anything

else on tap, sparkling water just makes sense."

SCOTT WHITEHOUSE, THE TILBURY HOTEL

TECHNOLOGY MEETS DESIGN & TASTE

Together with high-end still and sparkling water,

MODA opens up a world of contemporary product possibilities – and profits – on tap!

With **MODA**'s range of advanced, compact and versatile systems, you can extend your chilled drink menu to evolving lines like draught coffee and kombucha, sparkling sodas, cocktails and wine.

Craft your own products, work with our designated suppliers or collaborate and create.

Complement your fit out with **MODA**'s wide range of taps, finishes and accessories – from classic chrome to brushed steel, rose gold, matt black, antique copper and brass.

ITALIAN BY DESIGN & LOCAL BY DEFINITION,
YOU'LL ENJOY ATTENTIVE DOORSTEP
SERVICE AND SUPPORT.
