OUR INFRASTRUCTURE

We have a highly dedicated and knowledgeable national sales team as well as offices. We also have warehouse and storage locations in most capital cities.

We offer more to our suppliers and customers than just a sales channel. Our infrastructure is something that we invest in as we believe, the real differentiator between our clients dealing with us as opposed to our competition, is quality service and value beyond simple box moving.

URC

WHOLE-HOUSE AUTOMATION AND CONTROL

For over 25 years URC has been combining all your entertainment and smart home technology into an intuitive, easy-to-use system. Control lights, thermostats, door locks or shades. Create the ultimate home theatre. Share audio and video content throughout your home – and much more.

This professionally programmed solution integrates with thousands of products, allowing you to create a system that's tailor made for you, your family and your home.

Imagine the possibilities.

KEF CI

HIDE YOUR SPEAKERS NOT YOUR SOUND

KEF, one of the originators of British Hi Fi sound, has more than 50 years of pioneering award winners from professional studio monitors to the legendary Reference Series and more recently the ground breaking MUON, BLADE and LS50 models.

KEF architectural speakers deliver that same accurate three dimensional sound you'd expect from the very best conventional speakers – startlingly clear and breathtakingly realistic.

KORDZ

CONNECTIVITY. ASSURED

Founded right here in Australia in 2003 when HDMI cables were emerging to be the key connectivity medium for audio visual products, Kordz has evolved into a highly respected, multi award-winning brand.

Kordz is committed to a high standard of practical and graceful design, partnered with superior manufacturing, delivering quality products around the world.

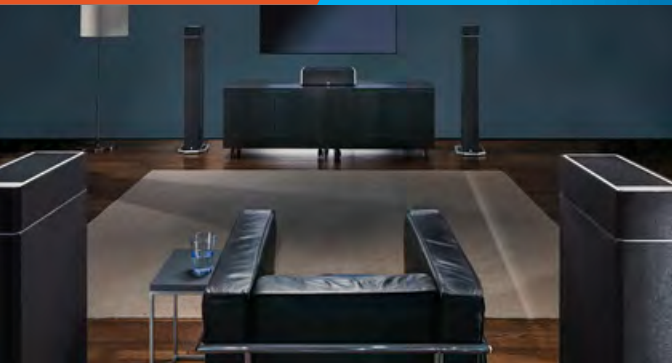

Kordz R.3 is designed for bespoke commercial AV racks and critical application installations

ARCAM

HEAR WHAT YOU'VE BEEN MISSING

For over 40 years Arcam has had one simple purpose: to bring the best possible sound into people's lives, whether from movies or their favourite music. Arcam is committed to engineering products able to deliver audio performance so lifelike it connects you straight to the heart of music, and wraps you in the world of movies.

DEFINITIVE TECHNOLOGY

INNOVATION NEVER RESTS

Founded in Baltimore in 1990 by a group of serious audiophiles, Definitive Technology is now the best selling premium loudspeaker brand in the USA.

With dozens of patents, and thousands of awards to its name, Definitive Technology has become a global speaker company with operations in North America, Europe, and Asia with one value remaining consistent to the Definitive mission; an uncompromising commitment to building world-class, full-range speakers.

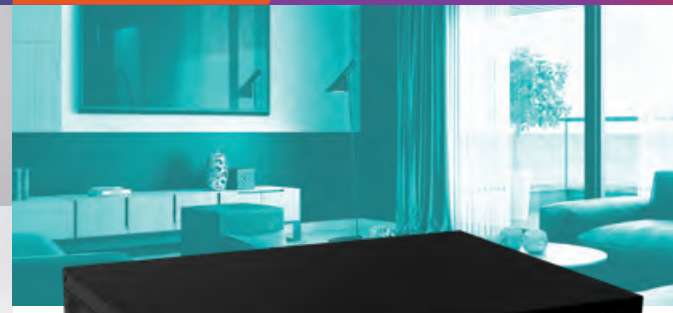

STEINWAY LYNGDORF

THE PROMISE OF PURE SOUND PERFECTION

Steinway Lyngdorf, the only manufacturer of audio products to win the exclusive endorsement of legendary piano manufacturer Steinway & Sons, provides fully integrated digital audio systems that combine design artistry, exquisite craftsmanship, and perfected technology.

Steinway Lyngdorf brings together Steinway & Sons, makers of the world's finest pianos for more than 165 years, and Peter Lyngdorf, one of the most forward-thinking audio innovators of our time.

PULSEEIGHT

THE LEADERS IN VIDEO DISTRIBUTION

Based in the UK, Pulse-Eight is the multi-award winning industry leader and developer of Video/Audio control and distribution systems.

PulseEight has been developing and refining their systems since 2010 with all of their R&D as well as manufacturing being strictly controlled within their facility in the UK ensuring the highest levels of quality control.

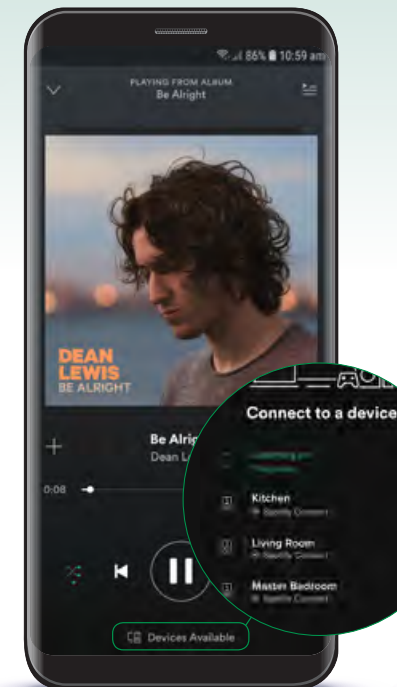

VSSL
