

AT and Learning Difficulties

<http://www.washington.edu/doit/Brochures/Technology/atpwld.html>.

What are some good LD and AT resources?

Techmatrix - The National Center for Technology Innovation (NCTI) offers a Techmatrix, a "Review of Technology-Based Approaches for Reading Instruction: Tools for Researchers and Vendors." This matrix is intended to serve as a resource that matches technology tools with supporting literature on promising practices for the instruction of reading for students with disabilities. It is organized into the following areas: Mathematics, science, reading, writing, transitioning with technology, differentiating instruction through technology, multimedia, and technology implementation. <http://www.techmatrix.org/>

The University of Washington's "Working Together: Computers and People with Learning Disabilities" provides a concise summary of the challenges and tools available to people with learning disabilities. <http://www.washington.edu/doit/Brochures/Technology/atpwld.html>

The University of Washington also offers a twelve-minute video demonstrating key points in this handout <http://www.washington.edu/doit/Video/index.php?vid=29>

LD OnLine provides a list of articles about LD and assistive technology. [LD OnLine search results for 'Assistive Technology'](#)

1800Wheelchairs provides a list of articles that addresses LD and assistive technology. <http://www.1800wheelchair.ca/news/post/learning-disability-resources.aspx>

[Apps for Student with Learning Differences](#) is a Word document compiled by SCATP Director Carol Page to highlight potentially useful apps on the iPad or iPhone for children with special education needs.
