

ONE Garden | Estrela Gardens

Delightful neighbourhood park with exotic plants and trees, a small lake and various sculptures. Ideal for a morning or evening walk, the garden is located across Basilica da Estrela, a vast neoclassical monument built in the 18th century. A 20 minutes walk from the hotel.

TWO ideas for a coffee or drink break | Brasileira e Ginginha

Stop at Brasileira, the city's most famous café open since 1905, for a coffee at the terrace with poet Fernando Pessoa's bronze statue. At the end of the day, join local and tourists for a cherry brandy shot at A Ginginha, especially if the weather is chilly and you like strong drinks.

THREE shopping ideas | Príncipe Real, Chiado and Avenida da Liberdade

Príncipe Real is a recent shopping district with independent boutiques and design shops. Don't miss the concept stores *Embaixada* and the one on number 42 of Rua da Escola Politécnica for Portuguese designers and brands.

Chiado where traditional stores live side by side with international brands. Visit the world's oldest bookstore (Bertrand), a beautiful jewellery shop (Tous – Ourivesaria Aliança), the tiniest hand-made gloves store (Luvaria Ulisses) and a more recent shop that offers long-forgotten products made in Portugal (A Vida Portuguesa).

Avenida da Liberdade is a long tree-filled boulevard Parisian Style where you can find the major luxury brands.
