# AMSTERDAM 2014

6 - 7 NOVEMBER 2014

**HiMSS** Europe

**The HIMSS Amsterdam Conference will be a unique opportunity to take global best practice and benchmark it against the state of healthcare in the Netherlands.**

The Conference will bridge the gap between public policy and the realities of day-to-day implementation by bringing all sectors of the healthcare IT community together. The HIMSS Amsterdam 2014 Conference will feature contributions from the most respected and visionary speakers in healthcare establishing the event as the premier gathering for the health IT sector in the Netherlands.

The Conference will bring together industry's stakeholders together to exchange information and drive the advancement of healthcare. Leading healthcare organizations will present in what will be a first of its kind event where global and regional thought leadership combines to create a must not miss conference.

**Amsterdam, The Netherlands**

**6 - 7 November 2014**

**Hotel Okura, Amsterdam**
