**Rules and Eligibility:** You are eligible to compete if you are a wine industry packaging supplier or graphic designer. You are limited to one submission for one category, but not both categories.

For the innovation category, the entry is eligible if it was developed to improve some aspect of wine packaging. The entry must be from a North American winery and have been for sale between Aug. 1, 2014, through July 31, 2016. No prototypes will be accepted. Entrants are encouraged to submit their entry as a finalized package to better demonstrate the innovation.

For the shelf appeal category, the package is eligible if it contains wine, was produced (filled) between Aug. 1, 2014, through July 31, 2016, and is currently available or was available to the general public between those dates. For purposes of this contest, submissions can include wine boxes, wine bottles, wine bags or cans. 3-liter maximum. No individual parts—complete packages only.

**Please note that entry into the contest does not guarantee that the entered package will be displayed at the conference.** *Wines & Vines* reserves the right to photograph any entry and reproduce it in publications, conference marketing efforts, on our website and social media.
