

Education and Work Experience

Mary Jane Calvey

2005-Present Real World Management Solutions

President of an environmental consulting firm specializing in redevelopment of industrial property with environmental concerns. Clients include: Tinker Air Force Base and Oklahoma County for AAI and Brownfields application, BWR inc. on behalf of a major inner city developer, Saxum Communications for office purchase, several OKC law firms on behalf of clients, prospective purchasers of former tire plant in NW Oklahoma, Oklahoma Corporation Commission in a jurisdictional lawsuit, workgroup with DEQ, OCC, OKC and developers to outline the process needed to redevelop contaminated property, Five Native American tribes and US Fish and Wildlife Services in development of Natural Resource Damages documentation.

1991-2005 OSDH and Oklahoma Department of Environmental Quality

Environmental Programs Manager for the Tar Creek Superfund site- coordinated all state efforts toward developing cleanup goals, securing funding and cooperation from Federal and state agencies plus University of Oklahoma. Met with Oklahoma Congressional delegation and staff to obtain cooperation and funding for a coordinated effort to implement "Oklahoma Plan" for Tar Creek; managed personnel and budget for diverse projects related to efforts.

Environmental Epidemiologist and Toxicologist – responsible for developing cleanup levels for all sites under DEQ regulatory authority, coordinated with Oklahoma Water Resources Board on Water Quality Standards, Oklahoma Corporation Commission on Cleanup standards, Oklahoma Conservation Commission for remediation of contaminated mine sites. Authored policy statements and guidance documents regarding Risk-based remediation. Partnered on EPA Region 6 and national workgroups relating to environmental cleanup guidance. Responsible for inter and intra-agency efforts for consistency in cleanup decision-making. Trained DEQ personnel on managing risks from chemicals.

Environmental Education Consultant – designed and implemented an Environmental Education curriculum for state teachers. Conducted teacher workshops in multiple locations in all areas of Oklahoma. Served as spokesperson for newly created DEQ explaining regulatory authorities and jurisdictions and cooperation between multiple state agencies. Developed issue oriented fact sheets.

1989-1991 Intern for Office of Personnel Management, OU School of Nursing

While working on MPH, developed an outreach program for pregnant and parenting teens to communicate to their peers the difficulties of being a teen mother. At OPM assisted in development and implementation of a statewide Wellness Program, including teaching classes on stress management and nutrition to Department of Corrections employees statewide.

1966-1989 Part-time teacher, Community volunteer and stay-at-home mom
