Results from ESG Survey Feb. 2014

96% of Veeam recoveries are within recovery time objective (RTO) service level agreements (SLA), compared to 78% for other solutions

83% of Veeam customers are more confident in their backups than with previous solutions

71% of Veeam customers report improved reliability of backups compared to other solutions

84% of Veeam Virtual Lab users save an hour or more every month by avoiding deployment problems, and 26% save more than 6 hours

71% of customers using Veeam monitoring and reporting tools say their risk awareness has improved compared to other solutions

Thank You!
