

30th Anniversary HIV Clinical Update Meeting

THREE DECADES OF HIV IN NEW ZEALAND: COMMUNITIES, CLINICS AND CONDOMS

FRIDAY 8 MAY 2015 • AUCKLAND CITY HOSPITAL

ashm

Program Contributions

The organising committee would appreciate contributions from all around New Zealand; if you have a topic you would like to present, please email sritchie@adhb.govt.nz

The **2015 New Zealand HIV Clinical Update** will be a special themed meeting marking three decades of action against HIV. It will highlight New Zealand's successes, **identify what needs improving**, and **debate contemporary challenges**.

The meeting will be followed by a networking dinner at Wine Chambers.

International Keynote Speaker: Dr Valerie Delpech, Head HIV Epidemiologist at Public Health England.

Visit the [meeting website](#) for more information.

Please share with your colleagues and add new team members to the 'keep me updated' list via the [meeting website](#) to be notified when registration is open.
