

Nathalie Pilon

Vice President and General Manager
Low Voltage Products Division - Canada

Nathalie Pilon was appointed Vice President of the Low Voltage Products Division for ABB in Canada in 2012 following ABB's acquisition of Thomas & Betts.

Previously, Nathalie had been President of Thomas & Betts Canada since 2008. She joined the company in 1996 as Vice President, Finance and Information Technology. Prior to that, Nathalie was a Senior Manager, Professional Practice for KPMG LLP.

In 2011, she was named one of Canada's Top 100 Most Powerful Women by the Women's Executive Network and in 1999, she received the "Young Achievers Award" from Montreal's Hautes Études Commerciales from which she holds a Bachelor of Administration.

Nathalie is one of the keynote speakers for ABB in Canada's Women Network Event program. She enjoys sharing her experiences and serving as an inspiring role model to women employees. The program is part of ABB in Canada's initiative that promotes Diversity and Inclusion.

Nathalie is an active member on several Boards, including Electro-Federation Canada, Québec Manufacturers & Exporters Association, and the Conseil du Patronat du Québec. She is also a member of the Canadian Institute of Chartered Accountants.

Company profile

ABB (www.abb.com) is a leader in power and automation technologies that enable utility and industry customers to improve their performance while lowering environmental impact. The ABB Group of companies operates in around 100 countries and employs about 150,000 people.

ABB in Canada (www.abb.ca) employs 5,000 employees from coast to coast who are experts in their field of technology and contribute to ABB's industry leadership in key energy and industrial sectors across the country. Our company has been serving our Canadian customers for nearly a century with reliable energy efficient solutions for utilities, industry, buildings, infrastructure and transportation.
