APSEA recognises the innovation and activities of the industry. Every year, members of the spatial sciences community make significant contributions that impact across many sectors of society. APSEA is an excellent opportunity to recognise and reward these contributions.

Hosted jointly by SSSI and SIBA, in conjunction with the **Locate14** Conference, the Awards showcase the technical diversity and innovation evident across the spatial industry. It is also a special night to recognise the achievements and service contributions of professionals within the industry.

\$140 Locate14 Conference delegate rate

\$175 Non-Locate14 Conference delegate rate

Tickets can be booked via the **online registration form**

Locate14 Conference and Exhibition combines three previous national events – the *spatial@gov* Conference, the Surveying & Spatial Sciences Conference (SSSC) and the Asia- Pacific Spatial Excellence Awards (APSEA) combining to form a single premier Australian and New Zealand industry event.
