### **Abstract - Safe Warehousing Practices: East Kentucky's Powers Safety Evolution.**

East Kentucky's Power focus on safety as a continuous improvement process is not only for the staff at the power plants but also for the crews working in the field. Safety has an impact on everyone, co-workers, families, friends, and customers. This presentation will focus on the continuous improvement of safety from a warehousing prospective. Examples of some of the topics to be presented during this presentation are material storage, racking safety, warehouse staff safety, and the prevention of accidents and incidents by utilizing Job Hazard Analysis (JHA's) and safe work practices.
