## PROJECT OVERVIEW

If your project was given a name by your organization, what is the name? (If it doesn't have an official name, please provide a descriptive phrase to name it for this submission please provide a descriptive phrase to name it For this submission.)

You will be asked to elaborate later in this submission, but to briefly summarize the project in 200 words or less, what business objective(s) does it achieve and/or challenge(s) does it solve?

## PROJECT DETAILS

**Please describe the project/initiative in more detail.**

*Include answers to the following...*

1. *What were the specific business goals or problems or problems the work aims to address?*
2. *What was the process by which the solution was identified?*
3. *In what ways was this solution innovative or new to your company?*
4. *Who within the organization led the project and what other key personnel were involved?*
5. *What was the implementation timeframe?*
6. *What metrics were used to determine the success or failure of the project?*

Please provide metrics or other empirical evidence of how this project/initiative delivers value to the business.

Please indicate the names of any commercial solutions and/or products that were leveraged within the project that the nominated organization is willing to disclose?

# PROJECT CHAMPIONS

1. Please provide details about the nominated organization's senior-most security executive who championed this project. (Make sure to include their full name, business card title, email address and phone number.)
2. Please identify a business executive/manager in an area outside of the security organization who can discuss the business value of the project. (We may need to contact this individual during the judging process, so please provide their full name, business card title, email address and phone number.)
3. Please identify any other individuals in the nominated organization who (should the nominated project be selected) may attend the conference and awards ceremony. (Please provide their full name(s), business card title(s), email address(es) and phone number(s).)

## AWARDS CEREMONY PARTICIPATION AND POSSIBLE PRESENTATION

If your nomination is selected as one of the CSO50 winners, would the senior-most security executive in the winning organization be available to deliver a vendor-neutral presentation about this project at the CSO50 Security Confab + Awards taking place April 18-20, 2016, at the Wigwam Resort in Phoenix, Arizona?

- YES
- NO

If the nominated organization is selected as a winner, we would like permission to use your company logo on our website. You may provide the logo with the "select file" button to the right.
