

Whether this is your first INS meeting or your 41st, we've got a great week planned for you in sunny Phoenix.

For many of us, it's been a long winter. Hopefully the warm sun of Phoenix, coupled with the best educational experience in the infusion field, will energize your mind!

We've put together this quick "cheat sheet" to help you prepare for everything INS 2014. First-time attendees are especially urged to familiarize themselves with this information.

The INS Registration Desk: Your Home Base for INS 2014

The INS registration desk is where you get started. Pick up your registration bag, get your badge, visit the INS Bookstore nearby, and chat with INS staff. If you're looking to avoid the morning rush, come on by Friday night and get a jump on things—there's a lot for you to sift through!

Registration Location: **West Ballroom 301 Foyer**

Registration Hours:	Friday, May 2	5:00 pm - 7:00 pm
	Saturday, May 3	8:00 am - 5:30 pm
	Sunday-Wednesday	
	May 4-7	6:00 am - 5:00 pm
	Thursday, May 8	7:30 am - 3:00 pm

CE Forms

CE forms will be included in your registration materials. They can be used to track CE credits and CRNI® recertification. Simply complete the form and drop the white copy in the designated bins before you travel back home. If you're due to recertify this year, INCC will have recertification applications available for you as well.

In infusion therapy, you never stop learning, and at INS 2014, you'll never want to stop. You will leave INS 2014 with so much information that you'll need to pack an extra carry-on for all that extra knowledge!

Schedule-At-A-Glance

INS 2014 is jam-packed—make sure you know where you're going! You can view the meeting Schedule-At-A-Glance now online in the Annual Convention section of the INS Web site. On-site, you'll be given a *Convention Journal Program (CJP)* with an up-to-date schedule. There will also be signage near sessions and in common areas. Much of this information is also included in the INS Mobile App (access to which will be discussed under the Innovate section).

Educational Sessions

Most INS educational sessions are 50 minutes in length, in larger meeting rooms, and self-contained on the **100 and 300 levels of the Phoenix Convention Center**. Seating is first-come, first-served; there is no pre-registration for sessions. You *must* wear your badge for access to all meeting rooms and exhibits.

Session Tracks - INS offers three distinct educational tracks with multiple sessions on a single topic. You do not need to stay for the entire program to earn CE/Recertification credits. The track sessions are:

Substance Abuse – Monday, May 5, 2-5 pm

Technology – Tuesday, May 6, 2-5 pm

Caring for the Caregiver – Wednesday, May 7, 2-5 pm

Session Handouts

Get a head start on your educational experience by viewing session handouts now on the [Schedule-At-A-Glance](#) section of the Annual Convention Web site. Handouts are also available on the [INS Mobile App](#) for your review both pre-meeting and onsite. Download the Guidebook app, tap "Download Guides," and search "INS 2014" to select our app.

Keynote Speaker

Monday, May 5, 9:00-10:00 am

We are proud to welcome Alan Hobson as our keynote speaker. Three years after his third attempt to reach the summit of Mt. Everest, Alan came face-to-face with an even greater challenge: an aggressive cancer of the blood that left him with only a year to live. Through stem cell transplants and unflappable determination (and some very helpful nurses), Alan beat the odds and conquered the "Everest of Illness."

discover

At INS 2014, you never stop discovering the latest in new technologies and service. There are a number of opportunities to connect with our industry partners, extending your educational experience well beyond the classroom.

Industrial Exhibition

Open Monday, May 5-Wednesday May 7, 10:00 am -2:00 pm

The INS Industrial Exhibition gives you one-on-one access to industry leaders who are launching the newest products on the market. There are a variety of exhibitors to visit, and at INS 2014, you'll have uninterrupted access to them. A list of exhibitors can be found at the "Discover" section of the INS meetings Web site and on the INS Mobile App. Lunch is served every day in the hall as well, compliments of INS.

Many exhibitors will be conducting demonstrations and workshops on various infusion products and services in Exhibitor Theaters in the Industrial Exhibition during exhibit hours. Seating for most sessions will be on a first-come, first-served basis, free to all attendees.

Simulation Labs

Simulation Labs are hands-on clinical labs that will teach you the proper use of infusion devices or administration of infusion medications. These labs will be set up in stations, with a trainer from the manufacturer at each station. Some may require pre-registration with the sponsor directly in advance. Check your inbox for updates.

Daybreak Symposia

INS is pleased to offer breakfast with a side order of education through four Daybreak Symposia. Supported by leaders in the infusion specialty, these educational programs will start your day right. The schedule for the symposia is shown below; each offers 1 CRNI® recertification unit.

Daybreak Symposia, 6:30 - 7:30 AM			
Sunday	Monday	Tuesday	Wednesday
American Regent	Teleflex	Ethicon BIOPATCH	IgNS

Evening Educational Events

Some exhibitors will hold special off-site evening events that might be of interest to you. Many are by invitation and while complimentary, do require pre-registration. Check your e-mail for special invitations in the time leading up to convention.

share

One of the most rewarding aspects of INS 2014 is the many opportunities to connect with colleagues from around the world. From social events to social media, at INS 2014 you'll interact with hundreds of infusion nurses, share experiences, and hopefully make a few new friends.

Clean the World

INS is pleased to partner with the Clean the World program for the second straight year. Clean the World works with hotels and associations to supply soap to developing countries. Providing this service goes a long way to prevent infections and save lives. A bin will be set up at the INS Bookstore, so bring unused soap and amenities from your hotel room or buy some to donate. Last year, the soap supplied by INS attendees totaled 126 pounds. Let's do even better this year!

Tell the World at #INS2014

The power to connect with one another and share information around the world has never been more prevalent than it is today, thanks in large part to social media. While you're at INS 2014, make sure you share your photos, comments, and observations using the hashtag **#INS2014**. So if you tweet, post on Facebook, or Instagram it, make sure you use this hashtag and let the world know what's going on in the specialty.

CRNI® Lounge

Debuting at the 2014 Annual Meeting this year, the VIP CRNI® Lounge will offer exclusive access to a place where CRNI®s can relax, socialize, and network. The lounge, located in *West Building 101A*, will feature breakfast in the mornings, free massages, and refreshments in the afternoons, as well as the opportunity to ask questions of INCC staff and meet INCC board and RN Council members.

Speed Networking

Monday, May 5 – 5:00-6:00 pm

For the second straight year, INS is pleased to offer a Speed Networking session. It's a quick and easy way to break the ice and get to know many other attendees during a short amount of time. You'll be randomly seated across from another participant, given time to chat and see what you both may have in common, and when the buzzer rings, you'll move one seat over and begin again with a new partner. It's a fun and low-key way to meet infusion professionals like yourself and make connections that can extend beyond the meeting.

First-Time Attendee/Meeting Mentor

Saturday, May 3, 10:00-11:00 am

Attending INS 2014 for the first time? Join us for First-Time Attendee Orientation, and we'll guide you through the entire convention, from the must-attend events to how you earn your CEUs and everything in between. There, we will connect you with Meeting Mentors: past INS attendees who have volunteered to serve as a resource throughout the week. It's a great way to get the most information possible, and make a few new friends!

INCC Booth

Industrial Exhibition: Monday, May 5-Wednesday, May 7, 10:00 am -2:00 pm

The INCC Booth has something for both current CRNI®s and those looking to take the exam. Test yourself with past exam test questions in a friendly round of "CRNI® Jeopardy," and have professional caricature artist Jeremy Drysdale immortalize you and your friends in a one-of-a-kind, free drawing to take home!

INS Booth

Industrial Exhibition: Monday, May 5-Wednesday, May 7, 10:00 am -2:00 pm

Learn about the latest INS membership benefits, including the Clinical Community Discussion, meet INS board and other committee members, and much more. Join us for the keynote speaker book signing on Monday, May 5, the Gardner Foundation Raffle drawing, and other happenings.

Celebration of Excellence

Supported in part by a grant by Bard Access Systems

Tuesday, May 6, 7:30-10:30 pm, Hyatt Regency Ballroom

The Celebration of Excellence is the signature social event of INS 2014. Help us honor INS President Britt Meyer, MSN, RN, CRNI®, VA-BC, NE-BC, as well as the winners of the prestigious INS Member of the Year, INS Chapter President of the Year, and INCC CRNI® of the Year. Recipients of this year's Gardner Foundation Scholarships and Grants will be recognized, and we'll announce the winning Oral Abstract and e-Poster presentations. It's a celebration of you and the specialty, so get ready to enjoy yourself.

The evening will feature cocktails, dinner, music, and dancing. Business/cocktail attire is suggested.

Phoenix Nightlife

Most evenings are free for attendees to explore the city and take advantage of the many diverse cultural opportunities within walking distance of the convention center. Visit <http://visitphoenix.com/events/index.aspx> for more information or visit the registration desk on arrival. On Saturday, May 3, and Sunday, May 4, downtown will be alive with a festive Cinco DeMayo party. Get your dancing shoes on and enjoy great food and music. For more details, visit <http://www.cincophx.com/event-info.html>.

The image features a red rectangular background on the left containing the word "innovate" in a white, lowercase, sans-serif font. To the right of this background is a photograph of a busy conference hall with people walking, talking, and looking at digital displays.

At INS 2014 you'll not only learn about the latest innovations in the specialty, you'll also benefit from many conference innovations that will make your meeting experience even better.

Mobile Application

Download the INS 2014 Mobile App and have the entire event at your fingertips, including PowerPoint slides from most sessions.

Create your own schedule of sessions/events to attend, set reminders, upload event photos, take to social media to share your experiences, read all about the faculty and exhibitors, view maps of the convention center and Industrial Exhibition, and much more!

Go to your app store and download the Guidebook app, tap "Download Guides," and search "INS 2014" to select our app, or visit the [Schedule-At-A-Glance](#) section for complete details.

ePoster Presenters

Held within the Industrial Exhibition: Monday, May 5 -Wednesday, May 7, 10:00 am -2:00 pm

Made possible through the generous support of BD, e-Posters allow presenters and attendees to interact and exchange research findings and/or clinical innovations using state-of-the-art multimedia technology. Attendees will choose the best poster presentations, and winners will be announced at the Celebration of Excellence.

Audience Polling

This year, our educational sessions will be more interactive than ever. Turn your cell phone into a real-time polling device and actively participate in the educational sessions. Polling responses will be submitted from your phone through text messaging or online, and results will be shown in real time in the educational session.

Online Resources

Many of our membership benefits are available to you online through the INS Knowledge Center. See demonstrations and learn more about all of them, including our brand-new online chat room, the Clinical Community Discussion.

***All that's left to do is to pack your suitcase and
get ready for a great week of learning,
sharing, discovering, and innovating.***

We can't wait to see you at INS 2014!
