for the frail elderly™

## Partner Showcase & Exhibitor Opportunities

Canada's population is aging quickly. Today, many Canadians are living longer and healthier into their later years. As the number of seniors grows, so does the number of frail elderly people with more complex health challenges and care needs. TVN is Canada's exclusive network for the frail elderly, funded by the Government of Canada through the Networks of Centres of Excellence (NCE). As a national network, TVN is multi-sectoral, pan-Canadian, and uniquely positioned to facilitate the development of evidence-based policies by promoting dialogue and the interchange of ideas between stakeholders, including policy makers, resulting in initiatives to drive change.

### WHO ATTENDS OUR CONFERENCE?

TVN's annual conference provides opportunities to those concerned with improving health care for the frail elderly to share knowledge, best practices and policy, and at the same time, network with others working in the field to collaborate and build relationships. Conference attendees will be researchers, knowledge users, health care professionals and clinicians, service providers, policy makers, industry, plus patients, their families and advocates. *The TVN Conference provides a unique opportunity to reach this focused audience.*

### PRIME POSITION FOR NETWORKING

For maximum visibility with Conference attendees, food and beverage stations will be located throughout the exhibit area. Exhibits will be located with poster displays from research projects, fellows and summer students. Exhibit and poster display areas will be open from 5:00 pm on Sunday, September 27 to 11:45 am on Tuesday, September 29.
