

## INTERLAKEN PRE/POST TOUR

### Discover Interlaken and surroundings

Interlaken lies in the Bernese Oberland on an alluvial plain, between Lake Thun and Lake Brienz. The vacation destination, which is presided over by the three mighty mountains, Eiger, Mönch and Jungfrau, is the starting point for numerous activities.

By the beginning of the 19th century Interlaken in the Bernese Oberland had already become renowned for its impressive mountain scenery. Famous contemporaries such as Johann Wolfgang von Goethe and Felix Mendelssohn traveled in these mountains. Interlaken's success as a tourist destination was further enhanced by the completion of the Bernese Oberland Railway in 1890 and the Jungfrau Railway in 1912.

As a vacation destination and convention location of international importance, Interlaken is an ideal starting point for countless excursions. Over 45 mountain railways, cable cars, chair lifts and ski lifts lead to 200 kilometers of slopes and a dense network of hiking trails. Excursion ships, including historic paddle steamers, ply the waters of Lake Thun and Lake Brienz.
