

Symposium:

Prosperity in a Changing Climate

Join leading climate change practitioners, experts and officials from across Australia to explore growth opportunities here and overseas

Program Overview

Day 1: Thursday 23 November (9am–5pm)

Hear from speakers, panels and engage in discussion on:

- Climate adaptation from an international perspective
- Leading cross-sector regional climate adaptation going 'mainstream'
- Transition to a low carbon economy in SA and Victoria
- Energy market transformation
- Collaboration and 'co-opertition' for a thriving sector ecosystem

Facilitated panel discussion will consider:

- “What are the emerging Australian skills and expertise?”
- “What local and export opportunities are there for climate change services?”

5pm – 6.30pm Networking & celebration function.

Tickets
\$220 | \$130

Day 2: Friday 24 November (half day & lunch)

Your choice of session is included with Day 1 ticket.

Day 2 only, price as marked. Registration is essential for all sessions.

Climate Change Services Australia workshop: Mapping sector capability (10.00am–12.30pm)

Help map the growing capabilities of the “climate change adaptation” sector to inform a reference guide of the offerings within the sector.

Making the most of energy and water for wineries, irrigators and food producers (10.30am–12.30pm)

Get practical tips on how climate impacts energy and water, and strategies to manage demand and control costs. Hosted by the South Australian Wine Industry Association. **Cost: \$40.**

Community Renewable Energy Masterclass. (8am–2.30pm).

Financial models for community-owned solar power projects. For councils, not for profits and community groups. Hosted by Frontier Impact Group. Supported by Australian Renewable Energy Agency (ARENA) and SA Government. **Free for council and community groups.**

With perspectives from:

CSIRO Adaptation Research, Resilient Melbourne (Vic), Carbon Neutral Adelaide, the SA Energy Plan, Department of Environment Land, Water and Planning (Vic), Investor Group on Climate Change, The Sponge City Consortium (now operating in Shandong, China), The Outback Communities Authority, Australian Red Cross, Climate-KIC Australia, Resilient Hills and Coast, Resilient South and Adelaide University.
