Introduction

In this short introduction to your 1-page abstract for *EUROoC*, you should briefly introduce the context of your study. Describe the aim of the work, and mention whether this is an experimental and/or theoretical and/or numerical study. A few references to important prior work in the literature could be given [1,2]. End by highlighting the most important results.

Length and formatting of the abstract

An abstract for *EUROoC* is limited to one A4 page and one graphic or chart with 2-cm-margins on all sides, and written in font size 11 pt. The abstracts for *EUROoC* are limited to two pages. If a longer abstract is submitted, the extra pages will be discarded and only the first page will be submitted to the scientific committee for review. All abstracts will be reviewed by at least two reviewers.

In terms of contents, the abstract should contain a *Title-Authors-Affiliation* section in the form and style defined by this template, then a section entitled *Introduction* as described above, followed by any number of *main sections*, and ending with two sections entitled *Conclusion* and *References*. Besides these few rules, no further restrictions apply.

See Fig. 1 and its four sub-figures for an interesting observation, which seems to contradict other published data [3,4]. A paragraph with words. A verbose paragraph. A verbose paragraph. Conclusion

We have found some amazing results, which we are looking forward to presenting for the international community at *EUROoC* in Stuttgart, Germany, 24-25 May, 2018
