

## LENS PRODUCT DESCRIPTION STANDARD MEETING (LPDS)

**Vision Expo East**  
**Wednesday, March 29**  
**10:30 a.m.-12:30 p.m.**  
**Crowne Plaza Times Square, 1605 Broadway**  
*Formerly the Lens Description Standard (LDS) Committee*

### **Scope:**

*The primary objective of the Lens Product Description Standard Committee will be to specify an alternative, or supplementary file format to optimize the processing of lenses. This will encapsulate the technical information lens makers and designers want communicated to production related systems. This data might include specific manufacturing or measurement records requirements, standardized base curve chart data, and other commercial information about a semi-finished, finished, or freeform lens product.*

### **AGENDA**

1. Welcome – Introductions and roster:
2. Review and approve minutes from previous meeting
  - a. Confirm group name change
  - b. Confirm if we are moving from LDS V2.1 to 2.2 or are creating a new document e.g.LPDS1.0, to capture the output of the group.
3. Lens Catalogue;
  - a. Revisit and agree how such a catalogue will be used (retail systems/lab systems/LDS's)
  - b. Review and update list developed at VEW 2016
  - c. Prioritize/filter list
  - d. Agree how we clearly define each item on the list - data type, typical range of values, default values
  - e. Agree who is responsible for setting up and managing the catalogue, and who is responsible for the input of lens data (file or web service?)
4. New Business
5. Adjournment
