

Gabe Azeroual

Vice President and General Manager
Process Automation Division - Canada

Gabe Azeroual was appointed Vice President and General Manager for ABB's Process Automation Division in Canada in 2007 after holding several positions of increasing responsibility. In this role he oversees the entire range of industry sectors, as well as ABB North America's mining sector activities.

Prior to ABB, Gabe joined Accuray in 1972 where he held several roles in service and sales management for the Canadian operations, before it was acquired by ABB. Gabe's career in ABB spans 40 years.

He is a member of the Canadian Institute of Mining (CIM) and a member of the professional engineers of Israel.

Gabe is a graduate of the Israel Technical Institute in Engineering where he specialized in Electrical low voltage (Electronics).

Company profile

ABB (www.abb.com) is a leader in power and automation technologies that enable utility and industry customers to improve their performance while lowering environmental impact. The ABB Group of companies operates in around 100 countries and employs about 150,000 people.

ABB in Canada (www.abb.ca) employs 5,000 employees from coast to coast who are experts in their field of technology and contribute to ABB's industry leadership in key energy and industrial sectors across the country. Our company has been serving our Canadian customers for nearly a century with reliable energy efficient solutions for utilities, industry, buildings, infrastructure and transportation.
