

Welcome to **trackiT**

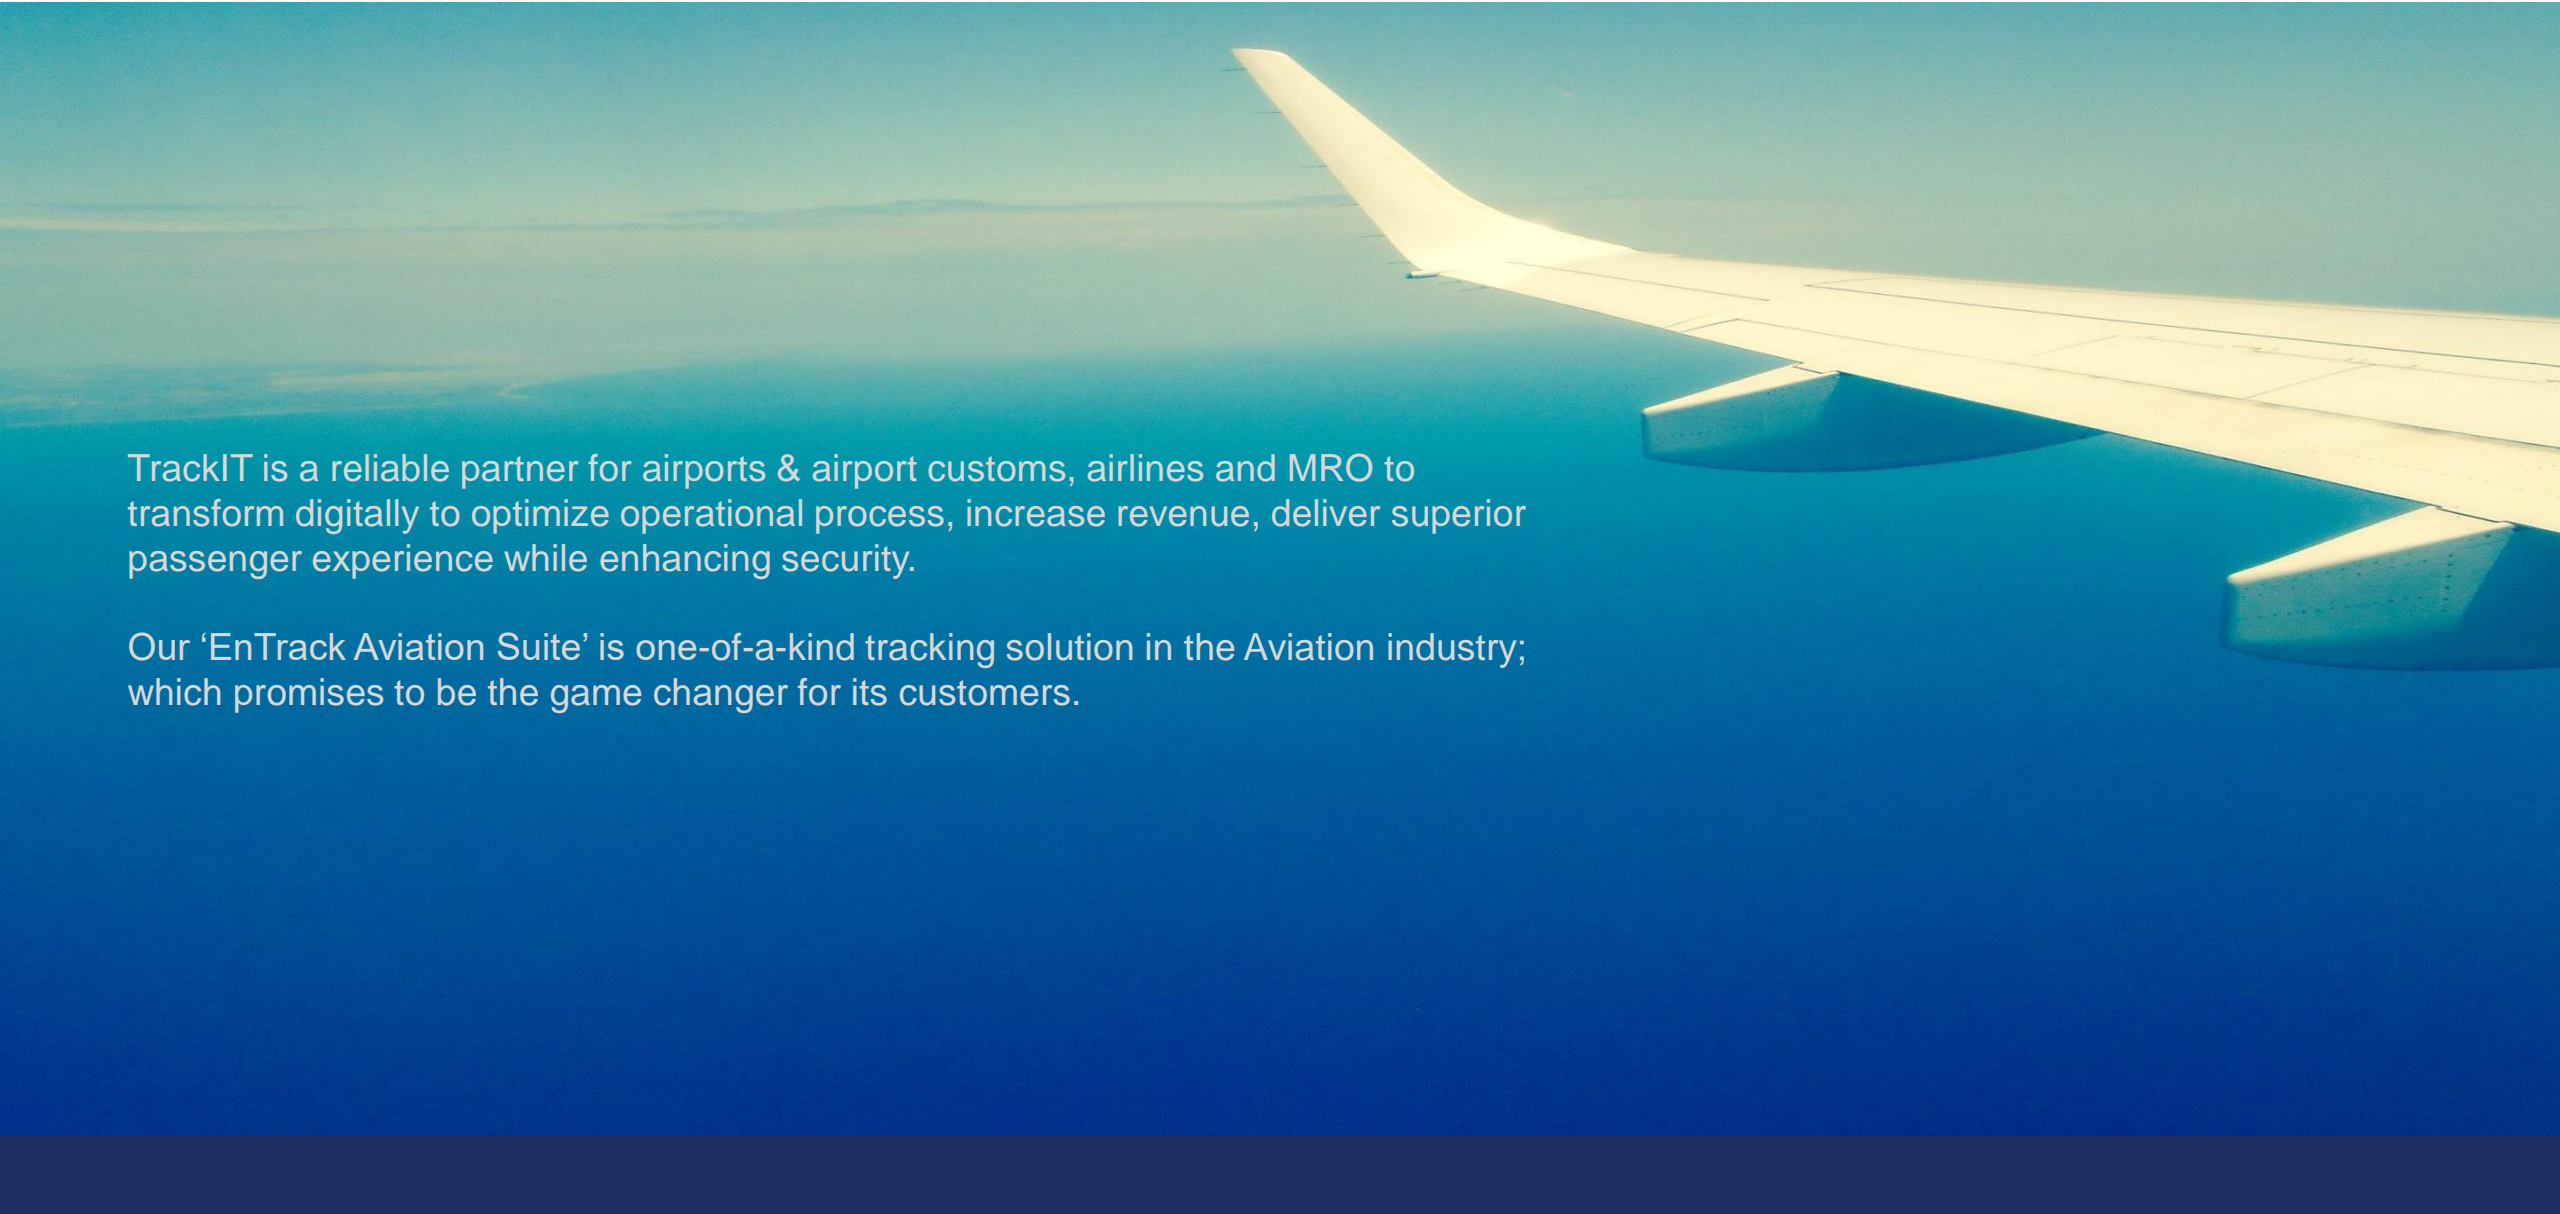

ENHANCE VISIBILITY. SIMPLIFY BUSINESS.

Deliver Superior Passenger Experience while enhancing security

EnTrack**Bag**

Suspect Bag Tracking & IATA 753 Compliance

Who we are

A photograph of an airplane wing from a high angle, showing the wing's structure and the wingtip. The wing is white and extends from the right side of the frame towards the center. The background is a clear blue sky with a thin layer of clouds visible on the horizon.

TrackiT is a reliable partner for airports & airport customs, airlines and MRO to transform digitally to optimize operational process, increase revenue, deliver superior passenger experience while enhancing security.

Our 'EnTrack Aviation Suite' is one-of-a-kind tracking solution in the Aviation industry; which promises to be the game changer for its customers.

Why Go Through The Digital Transformation

Passengers are at the heart of the airport, all concerned stake holder in the airport strive to deliver seamless passenger experience through the complete journey, from baggage check-in, on-time take off, baggage reclaim at departure till passenger exit. This is lot easier said than done with the with steady growth in air traffic - IATA forecasts 8.2 billion air travellers by 2037.

TrackIT's 'EnTrack Aviation Suite' enables airports, airlines and MRO's to take the digital shift to enable safe, smooth and seamless passenger experience.

- ❖ Never miss a suspect bag
- ❖ Keep the bag on track – IATA 753
- ❖ Ensure all critical ground handling assets are in fine fettle
- ❖ Ensure cabin safety and smooth aircraft clearance
- ❖ Optimize aircraft service turnaround
