NAVY SEAL FOUNDATION

MISSION

The Navy SEAL Foundation provides immediate and ongoing support and assistance to the Naval Special Warfare community and its families.

COMMITMENT

Since the attacks of September 11, 2001, there has been an unprecedented demand for our Special Operations Forces. Never before has so much been asked of so few, from so many, for so long. Established in 2000 to serve U.S. Navy SEALs, Special Warfare Combatant-Craft Crewmen, Naval Special Warfare support personnel and their families, the Navy SEAL Foundation's programs are focused on the preservation of the Naval Special Warfare force and their families. We provide a comprehensive set of programs specifically designed to improve health and welfare, build and enhance resiliency, empower and educate families and provide critical support during times of illness, injury, loss, and transition.

THANK YOU

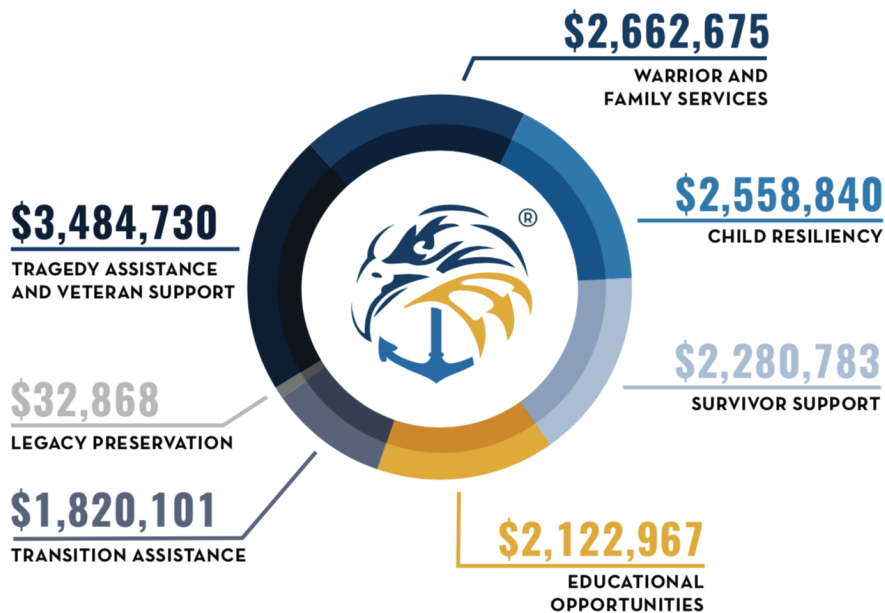

We want to thank you for your investment in the men, women, and families of the Naval Special Warfare (NSW) community. We are humbled by your extraordinary generosity.

With your support, we are able to offer more than 30 unique programs that keep the NSW force strong and focused. We are able to provide spouses and children with the tools necessary to create and sustain a resilient family and to cope with the stressors and uncertainty associated with war. Together, we are able to offer scholarships and tuition assistance to those seeking higher education. Most importantly, you enable us to respond immediately in the wake of a tragedy and provide ongoing support and assistance.

In 2018 the Navy SEAL Foundation invested \$14.9 million in critical funding for programs that strengthen and support SEALs, their families, families of the fallen, wounded warriors and transitioning veterans.

“ QUOTES OF GRATITUDE ”

“I would like to express my immense gratitude for the assistance the Navy SEAL Foundation has provided our family this past year through my transplant journey. The financial assistance that NSF has continued to provide in terms of travel assistance and lodging has greatly eased the burden our family was suddenly faced with after my transplant. At a time when the focus has been on my health, my husband has been able to keep his focus on work and caring for our young son. Without the assistance of the NSF we would be struggling financially and would likely miss important appointments to keep my health on track. We are forever grateful for the aid provided and look forward to the day we can repay the foundation in some way for all it has given our family.”

NSW Spouse

“When I opened the letter from the Foundation I grabbed my ‘to-do’ list and looked at it with a new set of eyes filled with enthusiasm instead of dread. While I consider myself pretty handy, I know there are many things that I have no business doing and should not even attempt. Sometimes, it is just another set of hands that is needed, but there are only so many times that you can call on family, friends, and co-workers to ask for help with regular household maintenance issues... Thank you not only for the financial assistance this program offers but also for the independence it provides and the peace of mind knowing that there is an annual stipend set aside to address the concerns of home maintenance issues that cannot be ignored. Thank you for this opportunity!”
